26.ELA.12

ELA/Literacy Grade-Level Instructional Materials Evaluation Tool

Quality **Review**

GRADE K-1

WCSD 2018

Washoe County School District

Every Child, By Name And Face, To Graduation

Council of the Great City Schools

COMPONENT 1: TEXT COMPLEXITY

Assessing text complexity in kindergarten and grade one is more a qualitative than quantitative process. The guiding statements provided in this section will examine text complexity in order to differentiate quality and richness among the texts—particularly anchor texts—WCSD is considering for adoption. Anchor texts are materials designed to serve as the central unifying tool for the development of reading comprehension. While evaluations of text complexity formally begin with grade two, student reading materials, texts, and other materials in kindergarten and grade one need to create the conditions for rich and robust discussion and writing for ALL students (struggling readers, students with identified academic disabilities, English Learners, students who are performing at grade level, and advanced students).

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
Literature and Informational Text C1a. The texts present rich and embedded relationships between and among characters, ideas, and concepts that are conveyed through masterful style and structure. (See exemplars in CCSS, Appendix B.)	4 modules (topics). Toys and Play, Weather Wonders, Trees are Alive, Enjoying & Appreciating Trees Trade Book Packs Has a variety of types of texts -- most are projected -- not always in book form	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
C1b. The materials consistently include short, challenging, and complete texts that contain rich content, ideas, and academic language worthy of close reading. (See exemplars in CCSS, Appendix B.)	Detailed close reading lesson plans for trade books Lots of academic language in the short texts projected	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

C1c. The materials consistently provide opportunities to read both literary and informational texts. For student reading materials in kindergarten and grade one, refer to the Alignment Criteria for Foundational Skills (4a-4d of this document).Read- aloud anchor texts should fall within or above the grades two through three text complexity band.	Not many student materials for students to practice skills beside decodable readers. Read aloud texts are above grade level and there is a variety	○ 4) extensive ○ 3) sufficient ◉ 2) some ○ 1) weak

OVERALL RATING: ○ 4) extensive evidence ○ 3) sufficient evidence ◉ 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):
Texts are complex and have a lot of academic vocabulary
Close reading plans for trade books for each module

Not a lot of texts are given to the students to read -- just decodables

COMPONENT 2: QUESTIONS AND TASKS

At least 80% of all questions in the submission are high-quality text-dependent and text-specific questions. The overwhelming majority of these questions reference specific text and draw students' attention to the text they are reading. Text-dependent questions that address the kindergarten and grade one standards will be described in greater depth in Alignment Criterion II.

ALIGNMENT CRITERION I: RANGE AND QUALITY OF TEXTS

Materials must reflect a wide range of text types and genres, as required by the standards. In kindergarten and grade one, and across all other grade levels, there should be ample texts on topics that can support sustained study. Knowledge built at one grade level should be expanded in other grade levels. Topics should take into account individual student academic needs and interests in order to foster independent reading. It is also imperative that the included topics and themes are compelling enough to read multiple times and are aligned to district needs. Pay particular attention to the guidance provided in Appendix B of the Common Core State Standards.

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
Literature and Informational Text 1a. The range of materials, both print and digital, allows teachers and students to explore content that coherently and systematically builds knowledge and vocabulary across subjects, themes, and topics. This applies especially to texts read aloud by the teacher, which should promote speaking and listening about topics under study in kindergarten and grade one. (See CCSS Appendix B for examples of grade-level knowledge demands.) Text sets also address a wide variety of student interests, and are likely to foster independent reading.	Texts are chosen to fit each of the 4 themes Labeled with Lexile -- high level, engaging Very coherent across its modules with a clear purpose for each task	● 4) extensive ○ 3) sufficient ○ 2) some ○ 1) weak
1b. Text sets include a diverse range of high quality, culturally-responsive and appropriate topics and themes. Texts from diverse cultures reflect the same high-quality features that are demanded of all texts.	Very detailed close reading lessons for the trade books High quality questions to revisit texts multiple times (Molly Lou Lemon has 7 revisits) Texts are high quality Very clear and high quality learning targets to focus student learning on the text. Texts sets are presented in a non-traditional way through projecting them rather than always using a real book Has a huge list of Recommended trade books to add for each module -- not included.	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
1c. Materials include a rich and diverse sampling of literary texts, including poems and stories with relevant illustrations.	Gives a list of recommended texts & a trade book pack. Trade book pack has 3 high quality and engaging fictional texts, and 1 informational book High level Vocab in read alouds, above grade level.	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
1d. The range of informational texts include: • At least two selections on the same topic • Selections with various text features such as headings, tables of contents, glossaries, and illustrations	Informational book in the Trade Pack given to us has table of contents, labels, glossary, index Above grade level text.	○ 4) extensive ○ 3) sufficient ● 2) some ○ 1) weak
1e. Student reading materials contain a range of increasingly challenging selections that allow teachers to build students' ability to comprehend complex text and expand vocabulary throughout the school year.	Only student texts are decodable Wish it has more texts to put into the hands of the students Most texts are used for discussion, shared reading, listening comprehension.	○ 4) extensive ○ 3) sufficient ○ 2) some ● 1) weak

OVERALL RATING: ○ 4) extensive evidence ○ 3) sufficient evidence ● 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):

Most materials are meant to be displayed digitally with a whiteboard or doc camera -- do all schools have this capability.

High quality texts that lend themselves to close reading, have very detailed close reading plans to revisit texts for a purpose

Not a lot of books in the hands of the students to read and practice their skills

ALIGNMENT CRITERION II. QUESTIONS AND TASKS SUPPORT STUDENT LEARNING

Questions posed to students in the materials under review should support student learning in building reading comprehension, in finding and producing the textual evidence to support responses, and in developing grade-level academic language. Texts for kindergarten and grade one students must include text-dependent questions that require the use of higher order thinking skills. There should be a range of questions that require students to attend to the author's language as his/her vehicle for conveying meaning, as well as to support specific inferences with explicit details from the text. Most questions should require that the student refer to the text in several places in order to devise an answer—rather than asking only literal, "right there" types of questions (CCSS).

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
Literature and Informational Text 2a. Key Ideas and Details. Questions and tasks require students to explicitly attend to the text, including, but not limited to: • Asking and answering questions about key details in the text • Retelling familiar stories, including key details • Identifying and describing characters, settings, and major events in a story • Identifying the main topic of a text • Describing the connection between two individuals, events, or ideas in a text	Performance task questions attend the texts being read aloud -- high quality text dependent questions, takes are relevant to students. All standards are addressed and are in the overview for each section Embedded into the daily lessons - not taught in isolation	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
2b. Craft and Structure. Questions and tasks require students to explicitly attend to the text, including, but not limited to: • Determining the meanings of unknown words and phrases in stories, poems, and informational texts • Recognizing and explaining the differences between common types of text both literary (such as storybooks and poems) and informational • Naming the author and illustrator and describing their roles in telling the story or presenting ideas • Recognizing and using various features in informational texts (such as headings or glossaries) to locate information	Embedded into the instruction of reading the texts -- did not necessarily have separate Vocab lessons All questions were text-dependent and students had to give reasoning and cite evidence using pictures & text	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
2c. Integration of Knowledge and Ideas. Questions and tasks require students to explicitly attend to the text, including, but not limited to: • Comparing and contrasting the experiences of characters in stories • Describing the key ideas conveyed in illustrations • Identifying reasons authors give to support points and the similarities between two texts on the same topic	Questions are very focused so students attend to the text Example: Why do you think Llama, Llama wants to share again? How do the pictures help you figure this out?	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

OVERALL RATING: ○ 4) extensive evidence ● 3) sufficient evidence ○ 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):
This is a very strong component of the curriculum. Questions are very high level and text dependent
Lots of opportunities to have high quality discussions based off of the questions

ALIGNMENT CRITERION III. WRITING TO SOURCES AND RESEARCH

The writing standards for each grade level highlight distinctive expectations about student writing. In kindergarten and grade one, students perform age-appropriate writing tasks and assignments with support and guidance from the teacher. For details on text types and purposes, production and distribution of writing, research to build and present knowledge, and the range of writing in kindergarten and grade one, see the Common Core State Standards for English Language Arts and Literacy. The metrics below show key characteristics to look for in your review of materials.

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
3a. Writing assignments are explicitly connected to what students are reading, and materials a reorganized to elicit responses to sources in age-appropriate ways. This might include activities such as dictation or making pictures to express thoughts in addition to writing, with support from the teacher.	Writing component ties to the text read for the day Role play included to aid discussion before writing tasks	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
3b. Text-dependent questions generally create the foundation for students to address culminating writing tasks, including: • Opinion writing, in which students introduce a topic or name a book, state an opinion, and supply a reason for the opinion (using a combination of drawing, dictating, and writing at the kindergarten level) • Informative/explanatory writing, in which students name a topic and supply facts about the topic (using a combination of drawing, dictating, and writing at the kindergarten level) • Narrative writing, in which students recount two or more appropriately sequenced events, including details about what happened (using a combination of drawing, dictating, and writing at the kindergarten level)	Main focus seems to be on reading speaking and listening for module 1, writing is introduced in Lesson 9 3 types of writing integrated and embedded into the performance tasks.	○ 4) extensive ○ 3) sufficient ● 2) some ○ 1) weak
3c. Reading materials can serve as models to explore writer's craft and support student production of grade-level opinion, informational, and narrative writing.	All writing goes back to the learning they did from the content area reading so they can demonstrate their learning from these tasks in the form of a culminating assessment/performance task	● 4) extensive ○ 3) sufficient ○ 2) some ○ 1) weak

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
3d. Materials include explicit support to teachers, either in the teacher's edition or classroom materials, for writing instruction linked to the kindergarten and grade one writing standards, including: • Focusing on a topic, responding to questions from peers, and adding details to strengthen writing as needed • Exploring and starting to use a variety of digital tools to produce and publish writing, including in collaboration with peers	Technology and multi media suggestions -- Google drawing, seesaw, Has supports for modeling thinking, and writing No writing rubrics. Module 4 had students publish writing digitally by typing.	○ 4) extensive ○ 3) sufficient ● 2) some ○ 1) weak
3e. Materials provide opportunities and resources for students to participate in shared research and writing projects, including: • Recalling information from experiences • Gathering information from provided sources	Share culminating task for assessment -- work in groups. Experiences are real world (explore the classroom toys) and are rooted back into the close read text Example: Using the four pages that I have chosen, decide which picture best shows what Llama has learned about playing with others. This is the write for us for the culminating task in Module 1. Interviewing a classmate	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

OVERALL RATING: ○ 4) extensive evidence ○ 3) sufficient evidence ● 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):
Most of the focus is on speaking, listening, and reading. Writing is mainly incorporated at the end of the modules in the form of a performance task

Did not see process writing, rubrics to revise and edit, peer editing opportunities.
Writing based off of choice to learn to develop writing from coming up with ideas all the way to publishing and sharing in authentic ways

ALIGNMENT CRITERION IV: FOUNDATIONAL SKILLS

Effective instruction on foundational skills in kindergarten and grade one includes explicit and systematic lessons and diagnostic support in concepts of print, the alphabetic principle, phonics, phonological awareness, vocabulary development and word recognition, syntax, and reading fluency. Students must be able to recognize and pronounce words fluently in order to focus on the major goal of reading, which is comprehension. Building these foundational skills must be contextualized within the materials.

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
4a. Materials provide teachers with guidance and support for explicit and systematic instruction of the kindergarten and grade one *Reading Standards for Foundational Skills* (CCSS), including concepts of print, phonological awareness, letter recognition, phonics, word recognition, and reading fluency in a research-based and transparent progression. (Refer to CCSS Appendix A for the research detailing the advancement of foundational reading skills.)	Uses a structured phonics approach -- main focus in the skills block is on the visual cuing systems using decodable student reader Clear and systematic scope and sequence for teaching sounds Standards are clear and part of the overview for each of the cycles. Handwriting practice SEL embedded into the discussions for the letter stories. Letter stories are used to introduce letters -- contains mnemonic devices and stories are also used to construct meaning	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
4b. Materials include a variety of opportunities that allow for systematic and frequent practice of all foundational skills through such features as engaging texts, games, digital materials, etc.	Most of the skills block time is independent practice (45 minutes) so the teacher can pull small groups based off of alphabetic level Handwriting practice, book browsing, draw pics to represent the letters Decodable readers print is very tiny	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
4c. Materials provide regular practice in encoding (spelling) and decoding (reading) the sound symbol relationships of English.	Blending and segmenting routine not introduced until Module 3, Part 1 after all letters/digraph shave been introduced. Use of sound boards	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
4d. Materials guide students in reading emergent reader texts for kindergarten and grade-level texts for grade one with purpose and understanding, making frequent connections between the acquisition of foundational skills and access to the meaning of texts (including a set of text-dependent or text-specific questions to check for understanding).	Has decodable readers Very contrived -- meaning & making connections could not be done with these text.	○ 4) extensive ○ 3) sufficient ● 2) some ○ 1) weak

OVERALL RATING: ○ 4) extensive evidence ○ 3) sufficient evidence ○ 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):

Skills Block is divided into four eight week long modules that span the entire year
Skills Block is one hour -- 15-20 minutes for whole group/daily, 40-45 minutes differentiated small group instruction
Students who are not in small group participate in AIR (accountable independent reading), word work, writing practice, reading fluency

Supporting materials are picture in the manual -- not very student engaging.

Whole group time spent on skills is very short
Most instruction is done during small groups -- very time demanding to have a 1 hour block

Letter stories very high level and interesting, very engaging. , support listening comprehension & has opportunities to discuss
Manuals are very explicit in what to teach -- lots of text, no visual in the manuals to help with navigating

ALIGNMENT CRITERION V: LANGUAGE

The Common Core State Standards for language focus on ensuring that students gain adequate mastery of a range of language skills and applications. Students are expected to meet each year's grade-specific standards and retain or further develop skills and knowledge (CCSS).

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
Conventions of Standard English 5a. There is evidence that grade-level grammar and conventions are addressed using an integrated and contextualized approach in daily instruction. Materials and tasks in kindergarten and grade one are designed to help build student understanding and use of: • Upper- and lower-case letters • Question words • Recognition and use of end punctuation • Frequently occurring nouns in kindergarten, and common, proper, and possessive nouns by grade one • Frequently occurring verbs in kindergarten, and use of verbs to convey past, present, and future actions in grade one • Complete sentence in kindergarten, and compound declarative, interrogative, imperative, and exclamatory sentences in grade one • Capitalization of the first word in a sentence in kindergarten, and of dates and names of people in grade one • Correct spelling, by sounding out simple words phonetically in kindergarten and applying common spelling patterns to spell words in grade one Grade One • Regular plural nouns, with matching verbs • Personal, possessive, and indefinite pronouns • Conjunctions and determiners, such as articles or demonstratives • Frequently occurring adjectives	The curriculum say that this is addressed during the skills block. And standards are listed in the overviews. Hard to find and doesn't stand out in the way the lessons are presented. Standards are also listed in the overview for each of the modules. -- embedded into the lessons. Discussions include how to use questions words,etc.	○ 4) extensive ○ 3) sufficient ● 2) some ○ 1) weak

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
Vocabulary Acquisition and Use 5b. The materials provide context, support, and strategies for teaching vocabulary acquisition skills, including: • Identifying new meanings for familiar words in kindergarten • Using sentence-level context clues to unlock the meaning of words in grade one • Using frequently occurring inflections and affixes as clues to the meaning of words • Using root words (such as look) and their inflectional forms (looks, looked, looking) in grade one	Academic language brought into daily lesson from the book & the language in the learning targets --participate, conversations	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
5c. The materials provide embedded opportunities for students to encounter and develop an understanding of word relationships and nuances in word meanings.	First lesson talks about he play -- has a word wall card and picture card, discusses meaning	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

OVERALL RATING: ○ 4) extensive evidence ○ 3) sufficient evidence ● 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):
Lots of embedded opportunities to learn the vocabulary from the high level text that is presented.

Language lessons don't clearly stand out. Standards are listed and lessons are embedded. Not sure of the scope and sequence/detail given to the language strand.

ALIGNMENT CRITERION VI: SPEAKING AND LISTENING

To be CCSS-aligned, speaking and listening must be integrated into lessons, items, and tasks. These must reflect a progression of communication skills required for eventual college- and career-readiness, as outlined in the standards. If kindergarten and grade one students are able to listen to others, discuss what they are learning, and voice their own confusion or misunderstandings, their learning becomes deeper and more meaningful. They are exposed, at this level, to points of view that may differ from their own, and they learn how to agree and disagree, express their own thoughts, and ask questions when they don't understand or need more clarification.

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
6a. *Comprehension and Collaboration.* Materials provide a frame that guides student participation in academic conversations by: • Agreeing on rules for discussion, taking turns speaking • Confirming understanding of texts read aloud • Asking and answering questions to clarify and gather information	Detailed lessons on setting up routines for how to have a conversation Use of anchor chart with visuals. Lots of built in supports for SEL skills -- how to talk to one another, "Would you like to play? Uses play to develop these skills Habits of character woven into the labs such as being responsible with the materials at the engineer lab Has a learning target lesson for setting lab goals that includes using executive functioning skills, self-regulation skills	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
6b. *Presentation of Knowledge and Ideas.* Materials include tasks that promote oral responses in a range of collaborative discussions, and support students in: • Describing people, places, things, and events • Using visual displays to add details • Speaking audibly and completing sentences	Lots of opportunities to discuss high quality questions even when introducing the play opportunities. Labs are very purposeful where S&L standards are very prominent, labs are very focused	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

OVERALL RATING: ○ 4) extensive evidence ● 3) sufficient evidence ○ 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):
Texts are chosen to be of high quality so discussions can be meaningful for the students. Questions require higher order thinking skills to guide discussions

Integrates SEL into all aspects of the program -- students learn to talk to one another by learning how to play with one another in labs

ALIGNMENT CRITERION VII: SCAFFOLDING AND SUPPORTS

While scaffolds are not a part of the standards themselves, it is important to support teachers in meeting the needs of the range of students in their classrooms. In order to meet the reading, speaking, and writing needs of ***all*** *kindergarten and grade one students, the materials must include supports for students to apply concepts of print, phonics, vocabulary development, syntax, and fluency in comprehending texts. Supports and scaffolds should draw students back to the text and provide strategies for vocabulary acquisition. All scaffolding and supports require ongoing formal and informal assessments that provide multiple opportunities for students to demonstrate their proficiency and inform instruction.*

Scaffolding is not just intended for struggling students, but also for students who are ready for above grade- level work. As text complexity increases, and tasks get increasingly challenging, the need for appropriate scaffolds for above grade- level access is equally important.

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
7a. The texts promote differentiated instruction and instructional conversations about text to support student learning of: • Academic language • Linguistic frames • Repeated grammatical structures and language	Skills block strong in providing a differentiation in skills learning based off of benchmark assessments. Has a differentiation pack manual to be used for your small group time -- looks like you have to copy decodable readers (con) Has notes for supporting ELL learnings (lighter support, heavier support) Lots of different opportunities for students to talk and respond	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
7b. The materials include student supports such as: • Multiple digital and media versions of texts • Illustrations • Graphs and charts • Maps and photographs • Visual cues/notes that draw attention to words in the text that signal sequence or offer clues to meaning (such as where, when, and how key events occur)	Teacher manuals and student books in pdf format online	○ 4) extensive ○ 3) sufficient ● 2) some ○ 1) weak

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
7c. The materials are designed to support teacher instruction by use of: • Explicit instructional directions accompanied by materials that are clearly aligned to stated goals and objectives and that build student ability to read and comprehend grade-level text • Strategies to gradually increase difficulty as students' skills strengthen • Strategies to support student acquisition of knowledge supporting specific common core standards • Clear and detailed teacher directions and guidance for introducing new concepts and skills • Clear guidance for documenting student progress toward meeting grade-level standards	Materials are not spiral bound--would be hard to hold during instruction Gradually gets more difficult High level learning targets and use of academic language. Very detailed in its directions and guidance Lots of referrals to research and why we are teaching certain things.	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak
7d. The materials provide support for students with varying learning styles and modalities (i.e., there are provisions for print, digital, and other multimedia sources for information attainment).	Notes for ELL learners for each lesson	○ 4) extensive ○ 3) sufficient ○ 2) some ○ 1) weak
7e. The materials include developmentally appropriate materials and instructional sequences specifically designed for students in the primary grades (such as role-play, songs, games, etc.).	Labs bring in hands on learning through playing with materials, using kindergarten play materials (blocks, puppets, etc), and a create lab -- all done in a very purposeful and meaningful way -- worry that most of our kinder rooms no longer have these play materials	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

GUIDING STATEMENTS	SPECIFIC EVIDENCE FROM THE TEXT/MATERIALS	EVIDENCE RATING
7f. The materials include assessments along with: • Suggestions for next steps to address a spectrum of performance levels and needs based on assessment results • Opportunities for students to demonstrate their expertise through the use of performance tasks • Pieces of challenging and complete text that can be used to assess student understanding and next instructional steps • Reading selections and questions that progress in a logical sequence for gradual release[1] • Enrichment tasks for students who are on target for meeting grade-level expectations • Steps to take when evidence suggests that students are starting to fall behind	Skills has a benchmark assessment to identify student's phase of learning Assessments for the Content Area Literacy modules are performance tasks: After reading, Llama, Llama Time to Share, answer -- What does Llama learn about playing with others? --	○ 4) extensive ● 3) sufficient ○ 2) some ○ 1) weak

OVERALL RATING: ○ 4) extensive evidence ○ 3) sufficient evidence ○ 2) some evidence ○ 1) weak evidence

SUMMARY STATEMENT (Explain why the materials received this overall rating):

Structured as a 3 hour/day block of ELA instruction -- Module Lessons, Labs, & Skills Block -- Modules and labs are two hours a day of content area literacy
Would need a lot of professional development to learn how to navigate and understand the Skills Block -- moves slow, does not use real high level engaging texts.
SEL is woven into the first module for how to talk to one another, work together, play together & it's all masterfully put together with high level text & discussion
Large budget would be needed to provide all the materials necessary for the labs component -- these are consumables and necessary to the implementation of the program (string, building block, hands puppets, play dough, eye droppers, etc.)

Integration of Interdisciplinary Content Standards; Building Knowledge Systematically

THEMATIC	SPIRAL	NGSS	NVACSS	SEL	ELD
☑	☐	☐	☑	☑	☐

1. Gradual release: scaffolding of instruction so that students develop the ability to read and complete tasks and assignments independently and proficiently.
