**Disclaimer:** This document may contain references to Board Policies and other documents pertaining to the rules and regulations of the Washoe County School District. The District reserves the right to revise any of these documents during the course of the school year. For the current version of any of these documents, please check the District's website at [www.washoeschools.net/Policy](http://www.washoeschools.net/Policy).

**Non-Discrimination Statement:** The Washoe County School District is committed to nondiscrimination on the basis of race, color, national origin or ethnic group identification, marital status, ancestry, sex, sexual orientation, gender identity or expression, genetic information, religion, age, mental or physical disability, military or veteran's status in educational programs or activities, and employment as required by applicable federal and state laws and regulations. No District employee, including, without limitation, administrators, faculty, or other staff members, nor students shall engage in acts of bullying, harassment, or discrimination on the premises of any public school, school-sponsored event, or school bus in the District. Prohibited behaviors include cyber-bullying, sexual harassment, hazing, intimidation and retaliation.

## **Welcome to Poulakidas 1:1 Program**

The Washoe County School District (“District” or “WCSD”) recognizes that basic technology skills are important building blocks of literacy in the 21st Century, and **these skills are best acquired through the use of technology through regular instruction**. To become proficient in the use of technology for learning, and the use of technology to enhance literacy, students need daily opportunities to use digital devices and tools.

Poulakidas ES is implementing a full 1:1 device program. This means each student will be issued a device to use for learning in school and at home.

Through this 1:1 program, we expect students to become knowledgeable in core academic areas covered by the Nevada Academic Content Standards (NVACS). Students will utilize **21st Century Skills**, as outlined in WCSD’s 21st Century Competencies Framework, by becoming collaborators, constructors of knowledge, problem-solvers, innovators, learners through the use of technology, self-regulators, and skilled communicators.

Poulakidas ES students will learn to be:

- technology literate
- competent at using digital technologies constructively in work and learning environments
- responsible digital citizens able to use digital technologies ethically, legally, and equitably for work and leisure
- learners in a variety of environments, including face-to-face, online, and blended settings

# **Chapter 1 – General Overview**

## **1.1 Overview**

The District views the use of electronic resources as central to the delivery of its educational program and expects that all students will use electronic resources as an essential part of their learning experience. It is the policy of the District to maintain an environment that promotes ethical and responsible conduct in all electronic resource activities. With this privilege, come responsibilities for the parent/guardian and for the student.

## **1.2 Signing this Agreement**

**When signing the Student/Parent Device Agreement, you are acknowledging that you understand and accept the information in this document.**

1. All users of the District’s network and equipment must comply at all times with [WCSD Administrative Regulation 7211 Responsible Use and Internet Safety Policy](#)
2. Devices are on loan to students and remain the property of the District. District devices should be used solely for students’ educational purposes and shall not be used for personal use unrelated to school assignments and lessons.
3. All users are accountable to District policies, regulations, and procedures, and local, state, and federal laws and regulations.
4. Use of the device and network must support education.
5. Students and families must follow all guidelines set forth by the District, Poulakidas, and in this document.
6. All rules and guidelines are in effect before, during, and after school hours, for all District computers whether on or off the school campus.
7. All files stored on District equipment, the network, or cloud services are property of the District and may be subject to review and monitoring.
8. The term “equipment” refers to devices, batteries, power cord/chargers, and peripherals (stylus, mouse, etc.) and cases. Each piece of equipment is issued as an educational resource. The term “device” includes laptops, tablets, notebooks, and desktop computers.
9. Students are expected to keep the devices in good condition. Failure to do so may result in fees for repair or replacement.
10. The device warranty will cover normal wear and tear along with any damage that might occur during normal use of the device.
11. Students are expected to report any damage to their computer by the next school day.
12. Students who identify or know about a security problem are expected to convey the details to a staff member without discussing it with other students.

13. Students are expected to notify a staff member immediately if they come across information, images, or messages that are inappropriate, dangerous, threatening, or make them feel uncomfortable.
14. All users are expected to follow existing copyright laws and educational fair use policies.
15. Students should only log in under their assigned username. Students should keep their username and passwords private.
16. Students may not loan device components to other students for any reason. Students who do so are responsible for any loss of components.
17. Devices come with a standardized image already loaded which should not be modified in anyway.
18. All students have access to a network drive on which to store data (OneDrive). It is the responsibility of the student to see to it that critical files are saved regularly to this location.
19. The District may remove a user's access to the network without notice at anytime if the user is engaged in any unauthorized activity.
20. The student understands that the assigned device and any equipment associated with it is subject to inspection at any time without notice and remains the property of the District.
21. The District reserves the right to confiscate the equipment at any time if there is reasonable suspicion that the student is violating a civil or criminal law or if the student is otherwise violating District policy, regulation, or procedure.
22. The use of the District's technological resources is a privilege, not a right, and is not transferable or extendible by students to people or groups outside the District.
23. The use of the assigned device and its associated equipment terminates when a student is no longer enrolled in Poulakidas ES.
24. **All assigned equipment must be returned to Poulakidas ES at the time of withdrawal from the school.**

## **Chapter 2 – Parent /Guardian Responsibilities**

### **2.1 Overview – Parent/Guardian Responsibilities**

The District makes every effort to equip parents/guardians with the necessary tools and information to ensure safe use of the devices in the home. The District has adopted a K- 12 digital citizenship curriculum through Common Sense Media to train students in using technology tools appropriately, which is a life skill. In order for students to be allowed to take their devices home, a student and their parent/guardian must have viewed all WCSD videos pertaining to device use and sign the Student/Parent Device and Use Agreement. The WCSD videos will cover the following topics:

- WCSD Electronic Use Policy and Acceptable Use Procedure
- Internet safety
- Parent/guardian and student responsibilities
- Poulakidas ES policies and procedures.

### **2.2 Liability**

The parent/guardian and student are personally responsible for the cost of repair or replacement if the equipment is:

- Not returned
- Intentionally damaged
- Lost because of negligence
- Stolen (see 8.2)

### **2.3 Monitoring Student Use**

The parent/guardian must agree to monitor student use of the device outside of the school day. The best way to keep students safe and on-task is to have a parent/guardian present and involved. The parent/guardian may choose to:

- Investigate and apply parental controls available through your internet service provider and/or your wireless router.
- Develop a set of rules/expectations for device use at home. Some websites provide parent/child agreements for you to sign.
- Only allow device use in common rooms of the home (e.g., living room or kitchen) and not in bedrooms.
- Demonstrate a genuine interest in what your student is doing on the device. Ask questions and request that they show you their work often.

## **2.4 Support and Student Safety**

For schools and parents/guardians alike, student safety is always a top priority. The precautions described in this section are intended to help students be safe on the path to and from school. Student safety always comes first. Please review the following safety tips with your student:

- Walk to and from school in groups of two or more.
- Let someone know when you leave and when you arrive home.
- Follow the safest route to school. Use main streets; avoid dimly lit areas, alleys, and shortcuts.
- If someone follows you on foot, get away from them as quickly as possible.
- If someone follows you in a car, turn around and go in the other direction.
- Always tell a parent, guardian, school official, or trusted adult what happened.
- If someone demands your device, give it to the person.

## **Chapter 3 – Device Rules and Guidelines**

### **3.1 Overview – WCSD Acceptable Use and Internet Safety Policy**

The rules and regulations are provided here so that students and parents/guardians are aware of the responsibilities students accept when they use a District-owned device. In general, this requires efficient, ethical and legal utilization of all technology resources. ***Violations of these rules and guidelines may result in disciplinary action.***

### **3.2 General Guidelines**

- All use of technology must:
  - Support learning
  - Follow local, state, and federal laws
  - Be school appropriate

### **3.3 Security Reminders**

- Do not share logins or passwords with anyone.
  - Parents/guardians will receive separate access codes.
- Do not develop programs to harass others, hack, bring in viruses, or change others' files.

Follow [internet safety guidelines \(WCSD Administrative Regulation 7211\)](#)

### **3.4 Activities Requiring Teacher Permission**

- Instant-messaging
- Using headphones in class
- Listening to music in class
- Watching videos in class
- Playing games in class
- Printing
- Internet browsing and social media use

### **3.5 Appropriate Content**

- All files must be school appropriate. Inappropriate materials include explicit or implicit references to:
  - Alcohol, tobacco or drugs
  - Gangs
  - Obscene language or nudity
  - Bullying or harassment

- Discriminatory or prejudicial behavior

### **3.6 Thumb/Flash Drives/External Hard Drives**

- Plugging any thumb drives, flash drives, or external hard drives into a District device is prohibited.
- Saving files to the student's OneDrive is the method for saving files.

### **3.7 District Updates to the Device**

- The device must be in **SLEEP MODE** when not in use in order to receive mandatory District updates.
-

## **Chapter 4 - Device Use, Care, and Classroom Routines**

### **4.1 Red Zones and Red Times**

“Red Zones” are areas where the devices are not to be used at any time. “Red Zones” include the following: bathrooms, locker rooms, and the Nurse’s office. “Red Times” are certain times during the school when the devices are not to be used. Administration and/or teachers will notify students of “Red Zones” or “Red Times” and may change them accordingly.

### **4.2 Lockers (7<sup>th</sup> and 8<sup>th</sup> Graders ONLY)**

- Devices should be stored on their side standing up.
- Never leave the device on the bottom of the locker or pile things on top of the device.
- Never leave the locker set to open without entering the combination.
- Miscellaneous: Device remains in building during non-instructional times, such as lunch, breaks, and recess.
- Use hooks in restroom stalls. Do not put device on floor.

### **4.3 Hallways**

- Keep your device in the case at all times.
- Always use the handle, strap, or two hands to carry the device.
- Never leave the device unattended for any reason.
- Log-off or lock (Windows key + L) the device before you change classes.

### **4.4 Classroom Habits**

- Center the device on the desk.
- Close the lid of the device before carrying it.
- Lock the device (Windows key + L) before walking away from it.

### **4.5 Care of Device at Home**

- The device stays in the case at all times, even to charge.
  - Charge the device fully each night.
    - Keep the area around the charging brick clear to prevent overheating.
  - Leave the power cord/charger at home.
  - Use the device in a common room of the home.
  - Store the device on a desk or table – never on the floor!
-

- Only use a clean, soft cloth to clean the screen and do not use cleansers or liquids of any type.
- Protect the device from:
  - Extreme heat or cold
  - Food and drinks
  - Small children and pets

#### **4.6 Traveling to and from School**

- Put the device in “sleep mode” before traveling.
- Do not leave the device in a vehicle, especially on the seats.
- Use your backpack or carry the case by the handle or shoulder strap.
- If ever in a situation when someone is threatening you for your device, give it to them and tell a staff member as soon as you arrive at school or a parent/guardian when you arrive home.
- Stolen devices are tracked through a District software program and will be retrieved in cooperation with police.

#### **4.7 Prohibited Actions**

- Students are prohibited from:
  - Defacing the device in any way. This includes but is not limited to marking, painting, drawing or marring any surface of the device.
    - If such action occurs, the student will be charged the cost of repair or replacement.
  - Putting stickers or additional markings on the device, battery, or power cord/charger.
    - If such action occurs, the student will be charged the cost of repair or replacement.
  - Leaning on the top of the device when it is closed.
  - Placing anything on top of the device that can put pressure on the screen.

#### **4.8 Troubleshooting and Swaps**

- Always try restarting the device as the first step in troubleshooting.
  - If appropriate, student may ask a classmate for help to troubleshoot a problem.
  - Student may ask a teacher to troubleshoot if the teacher is available to help for this purpose.
  - Students are reminded to not waste too much class time troubleshooting.
  - If the student is unable to resolve the problem, the student should fill out a swap form.
  - Student quietly calls Poulakidas Tech Support (PTS) from the classroom phone.
-

- A PTS team member will try to help fix the problem over the phone.
- If the PTS team member is unable to fix the problem over the phone, the student will get a ticket number to write on the swap form.
- Student should verify that all school work has been saved to their OneDrive.
- Student takes device to the PTS team and returns to class with a swap device.
- Student will receive an email verifying the ticket has been opened.
- When the student's original device is ready to be picked up, student will receive an email through their District Outlook email for the closed ticket.
- Student returns the swap device to the PTS team and picks up their assigned device.

#### **4.9 Email for Students**

All District students are issued a Microsoft Office 365 email account. This account allows students to safely and effectively communicate and collaborate with District staff and classmates, giving them an authentic purpose for writing. It is important to note:

- Email should be used for educational purposes only.
- All email and all contents are property of the District and can be accessed by the District.
- Email should only be used by the authorized owner of the account.
- Students need to protect their passwords.
- Students are limited to sending and receiving email only within the District.
- Mailbox size is restricted.
- Emails should not contain profanity, obscenity, derogatory, offensive or discriminatory language.
- Email should not be used for:
  - Non-education related forwards (e.g. jokes, chain letters, images)
  - Harassment
  - Cyber-bullying, hate mail, discriminatory remarks
  - Individual profit or gain, advertisement, or political activities

#### **4.10 Webcams**

Each student device is equipped with a webcam. This equipment offers students an extraordinary opportunity to experience a 21st Century tool and to develop 21st Century communication skills. Webcams are to be used for educational purposes only, under the direction of a teacher including, but not limited to:

- Recording videos or taking pictures to include in a project.
  - Recording a student giving a speech and playing it back for rehearsal and improvement.
-

- Please note that installing internet calling/video-conferencing software is prohibited. Software for using the webcam is already installed on the District device.

#### **4.11 Listening to Music**

- Listening to music on your device is not allowed during school hours without permission from the teacher.

#### **4.12 Watching Videos**

- Watching videos on your device is not allowed during school hours without permission from the teacher.

#### **4.13 Gaming**

- Online games are not allowed during school hours unless you have been given permission by a teacher. Any games must be in support of education.
- Online games are allowed at home if all of the following conditions are met:
  - The content of the game is school appropriate
  - You have permission from your parent/guardian
  - The game is in support of education
  - All school work is complete
  - No download of any kind is needed
  - An installation of personal software is not required

#### **4.14 Desktop Backgrounds and Screensavers**

- Inappropriate media may not be used as a desktop background or screensaver. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drugs, or gang-related symbols will result in disciplinary action and/or loss of device privileges.

#### **4.15 Copyright and Plagiarism**

- Students are expected to follow all copyright laws. Duplication and/or distribution of materials and/or images for educational purposes is permitted when such duplication and/or distribution would fall within the [Fair Use Doctrine of the United States Copyright Law \(Title 17, USC\)](#)
-

## Chapter 5 - Disciplinary Actions

### 5.1 School Progressive Discipline Plan

#### Discipline Process

Discipline is progressive and will follow the District's student behavioral matrix/progressive discipline plan

#### Verbal Warning

Minor Referral and classroom consequence(s), including parent/guardian contact.

Major Referral and school consequence(s), including parent/guardian contact.

*It is important to note that low-level, first-time infractions will have lesser consequences than infractions that are repetitive or more serious in nature. WCSD may remove a user's access to the network without notice at any time if the user is engaged in any unauthorized activity.*

### 5.2 Equipment Related Behavior Violations

<b>Equipment Related Behavior Violations</b>	<b>Equivalent "Traditional" Classroom Violations</b>
Email, instant messaging, internet surfing, computer games (off-task behavior)	Passing notes, looking at magazines, games (off- task behavior)
Missing case	No binder/missing supplies
Cutting and pasting without citing sources (Plagiarism)	Plagiarism
Cyber-bullying	Bullying, harassment
Damaging, defacing, or endangering device or accessories	Vandalism, property damage
Using profanity, or obscenity	Inappropriate language
Accessing pornographic material, inappropriate files, or files dangerous to the integrity of the network	Bringing pornographic or other inappropriate content to school in print form
Using an electronic resources account authorized for another person	Breaking into or using someone else's locker

---

### **5.3 Examples of Equipment Violations**

- Repeated tech-related behavior violations (see table above).
- Using electronic resources for individual profit or gain; for product advertisement; for political action or political activities.
- Making use of the electronic resources in a manner that serves to disrupt the use of the network by others.
- Unauthorized downloading or installing software.
- Attempts to defeat or bypass the District's internet filter.
- Modification to District browser settings or any other techniques, designed to avoid being blocked from inappropriate content or to conceal internet activity.
- The use of any and all non-District VPN software.

### **5.4 Examples of Unacceptable Use**

- Using the network for illegal activities, including copyright, license or contract violations.
  - Unauthorized downloading or installation of any software including shareware and freeware.
  - Using the network for financial or commercial gain, advertising, or political lobbying.
  - Accessing or exploring online locations or materials that do not support the curriculum and/or are inappropriate for school assignments.
  - Vandalizing and/or tampering with equipment, programs, files, software, network performance or other components of the network; use or possession of hacking software is strictly prohibited.
  - Gaining unauthorized access anywhere on the network.
  - Revealing the home address or phone number of one's self or another person or any other act that may invade the privacy of other individuals.
  - Using another user's account or password or allowing another user to access your account or password.
  - Coaching, helping, observing, or joining any unauthorized activity on the network.
  - Posting anonymous messages or unlawful information on the network.
  - Participating in cyber-bullying or using objectionable language in public or private messages, e.g., racist, terroristic, abusive, sexually explicit, threatening, stalking, demeaning or slanderous.
  - Falsifying permission, authorization, or identification documents.
  - Obtaining copies of, or modifying files, data, or passwords belonging to other users on the network.
  - Knowingly placing a computer virus on a computer or network.
-

- Attempting to access or accessing sites blocked by the WCSD filtering system.
- Downloading music, games, images, videos, or other media without the permission of a teacher.
- Using the webcam inappropriately.
- Sending or forwarding social or non-school related email.
- Accessing or deleting the administrative account.

## **Chapter 6 – Device Security**

### **6.1 Balanced Approach**

Two primary forms of security exist: device security and internet filtering. Each device has a security program installed. The District strives to strike a balance between usability of the equipment and appropriate security to prevent damage to the District network.

### **6.2 Device Security**

Security is in place on the device to prevent certain activities. These include downloading or installing software or browser extensions on the devices, removing software, changing system settings, etc.

### **6.3 Internet Filtering**

The District abides by the Children’s Internet Protection Act (CIPA):

<https://www.fcc.gov/consumers/guides/childrens-internet-protection-act> and maintains an on-site internet filtering software package. This program automatically filters all student access to the internet through the District device, regardless of where the student is using the device.

---

## **Chapter 7 – Damaged Equipment**

### **7.1 Repairs**

Occasionally, unexpected problems do occur with the devices that are not the fault of the user (computer crashes, software errors, etc.). The school tech support team will assist students with having these fixed. These issues will be remedied at no cost.

### **7.2 Loaner Devices – “Swaps”**

Temporary replacements, known as “swaps,” are available at the school so learning is not disrupted by the repair process. Students are responsible for the care of the swap as if it were their issued device. Students are required to save files to their OneDrive in case they need to be issued a swap.

### **7.3 Accidental Damage vs. Negligence**

Accidents do happen. If, however, after investigation by school administration, the device is deemed to be intentionally or negligently damaged by the student, the student may be subject to discipline and the cost of repair or replacement.

---

## **Chapter 8 – Lost or Stolen Equipment**

### **8.1 Lost Equipment**

- If any equipment is lost, the student/parent/guardian must report it to the school immediately (within one school day).
- The circumstances of each situation involving lost equipment will be investigated individually. Students/parent/guardian may be charged for lost equipment.

### **8.2 Stolen Equipment**

- If equipment is stolen, the student/parent/guardian must report it to the school immediately (within one school day).
- Upon investigation, if there is no clear evidence of theft, or the equipment has been lost due to student negligence, the student/parent/guardian will be responsible for the full cost of replacing the item(s).
- Failure to report the theft may result in a fee for full replacement cost to the student.

### **8.3 Financial Responsibility/Insurance Information**

There is a cost (\$10.00) for the receipt of a student laptop from the Washoe County School District. By accepting the District-owned laptop, parents/guardians are accepting full responsibility for the repair or replacement cost of the device. Each device will be assigned to one particular student for the duration of the school year and therefore it is the responsibility of the student to maintain control and possession of the device at all times in compliance with District directives.

ANY damaged, lost or stolen devices must be reported immediately to District personnel.

The District has selected Securranty to provide affordable insurance that will cover your child's laptop for the entire year. Securranty provides the following in their coverage:

\*Theft/Burglary/Robbery  
Accidental Damage(cracked screens/liquid spills)  
Fire  
Power Surge  
Vandalism  
Natural Disasters

---

The cost for insurance is \$24.95 annually. Parents/guardians will pay a total of \$34.95 to cover the \$10 dollar technology fee and the \$24.95 Insurance Fee. **All devices will require insurance purchase.**

#### **8.4 Replacement Costs**

<b>Item Missing or Damaged (Laptop)</b>	<b>Cost</b>
<b>Laptop Only</b>	\$475
<b>Power Adapter</b> (brick and cord)	\$84
<b>Laptop Case</b> (CB Slim Plus-2h 88. Item # CB 11-2H-88)	\$20
