

Thunderbolt Carry On Baggage

During this school year, we will not be using lockers (not able to social distance). Students will be allowed to carry backpacks. Backpacks must be stored on the back of, or beneath student's classroom chair during class. It is important to keep the school supplies that a student carries to a minimum.

All students will receive a laptop bag to carry their laptop and charger - included in their tech fee. In addition, each student will need the following:

- Two pocket folders
- Two spiral notebooks
- Four 100-page composition notebooks with lined paper
- One composition notebook with graph paper (7th & 8th math, not 6th)
- Highlighters and colored pencils for annotations
- Pens and pencils— *(ideally in a flat pencil pouch that will not be shared with other students)*
- Scissors
- Glue Sticks
- Computer Stylus—not required but is helpful!
 - [Example from Amazon](#)
- Earbuds—will be provided if needed, but students are encouraged to bring their own—wireless earbuds will NOT work on device)
- Two cloth face coverings
- Personal hand sanitizer—we will have multiple stations and bottles in every classroom—but may be handy for personal use
