

Community Project Review Submission

Instructions:

Please complete the following questions providing as much information necessary to support your submission.

Proposal submitted by:

Name	<input type="text"/>
Address	<input type="text"/>
Phone	<input type="text"/>
Email	<input type="text"/>

Description

How would you like to help students in our school district? Who do you want to help and what will the nature of that help be?

Implementation Recommendation

What other information would you like to tell us, such as when would the support begin and do you have a target school or schools?

Impact

How will your support positively impact our students and schools?

Resources

What resources/personnel would you provide?

What resources/personnel would the school district need to provide?

Financial Analysis

Include all initial and ongoing costs to the school district, if any, associated with your proposal.

What factors/criteria do you believe will determine the success of the program?

Identify any benefits, savings, and efficiencies provided by the project.

Recognition

How would you or your company/organization like to be recognized for your project?

Additional Information

Provide any additional information you believe will help to explain your project.
