

MAP Assessment: Norm Table

Status Norms

The RIT values shown on these charts represent the average performance of students based on a nationally representative norm sample. Status norms provide a starting point for teachers to look at assessment data and help them gain an understanding of a student's current academic level, where students need focused instruction, and how much the students have progressed. NWEA updates growth and status norms every three years.

2020 Reading Status Norms (RIT Values)			
Grade	Fall	Winter	Spring
K	NA	146	153
1	156	166	171
2	172	181	186
3	187	194	197
