Looking Back at 2024

It is hard to believe we are closing out the first semester so quickly. Time has flown by. Our team and our students have accomplished a lot in the past year.

We've seen graduation rates increase from 2023 to 2024 among our students.

We've taken over 70 students on college trips in and outside of Nevada.

We've participated in community cultural events and held our own.

In the coming year we look forward to continuing to collaborate with families and students to make 2025 the best year ever!

Upcoming Events

DFS Youth College Internship Info
Nights: December 5th and 12th

Tesla Visit: January 2nd

Winter Break: Dec. 23-Jan. 3

Reminders

See flyers in this newsletter for more information about upcoming events

The PD day for **January 6th** has been cancelled. **There will be school.**

Break Resources

The break can be a good time to continue to practice your skills or catch up, here are couple of resources:

- **Khanacademy.org**: provides free math lessons and practice at all grade levels
- **Washoe County Library**: Free online tutoring through Brainfuse Now

Pausing to Recharge...

During this busy time of year, it's important to take time for yourself to reset and relax. Here are some ideas to help you recharge:

- 1) Distance Yourself from Screens:** Steer clear of computers and electronic devices. Instead, take a leisurely stroll through the neighborhood or enjoy a nature walk in a local park.
- 2) Read Instead of Scrolling:** Challenge yourself to read a book or magazine instead of mindlessly scrolling through your phone. Give your eyes and brain a much-needed "screen break."
- 3) Quality Time with Loved Ones:** Dedicate meaningful moments to loved ones.
- 4) Treat Yourself:** Indulge in something special, no matter how small. Recognize and reward yourself for your hard work and accomplishments—you deserve it!
- 5) Focus on Positivity:** Reflect on the positive aspects of your life. Concentrate on what you can control, rather than dwelling on things beyond your influence.

Looking Forward...

- **College and Culture Events**

We are planning trips locally and out-of-state colleges of different sizes to meet the interest of our students. If your students have particular interests, please let us know

- **Deans Future Scholars**

We have spaces this summer again for Dean's Future Scholars. There are programs for middle schoolers, credited courses for high schoolers and internships for graduating seniors.
