

Performing Arts Center at Damonte Ranch High School

WCSD's strategic plan, **Envision WCSD 2020 – Investing In Our Future**, makes a commitment to ensure all students graduate from high school ready for future careers and further educational opportunities. The **Performing Arts Center at Damonte Ranch High School (PAC)** directly supports these goals by allowing students to focus their electives on rigorous training in specific art disciplines while continuing to allow students full access to AP and Honors coursework.

Studying the arts prepares students considerably for the workplace. According to Americans for the Arts, "U.S. employers rate creativity and innovation among the top five skills that will increase in importance in the next five years, and rank it among the top challenges facing CEOs." Additionally, "Employers and administrators agree that a college degree in the arts is the most significant indicator of creativity in a prospective job candidate." **PAC** will provide students with the essential skills in the performing arts that will benefit them as they prepare for college/career.

Modified Block Schedule

PAC students participate in arts course work through an extended day schedule, which allows students to focus on rigorous arts studies without impacting the ability to continue coursework in core subjects, AP, and Honors classes. Additionally, this schedule permits students to cross idioms (*e.g. participation in theatre and dance or orchestra, choir and band simultaneously is possible*).

Coursework

- ◇ The **PAC DANCE** program has expanded its courses to include Tap, Musical Theatre Dance, Jazz, Hip-Hop, Ballet, and Contemporary Dance. Upper level instruction in Choreography and Composition, and Dance Production are also offered.
- ◇ The **PAC THEATRE** program has added Acting Styles, Directing, and Advanced Studies to its current Theatre curriculum of four distinct years of drama coursework. The new Theatre Design & Technology program now offers a plan for four distinct years of Technical Theatre.
- ◇ The **PAC MUSIC** program offers intensive study in both instrumental and vocal music. Private Lessons during the school day, AP Music Theory, over sixteen ensembles and the *only* full secondary Symphony Orchestra in Northern Nevada are but a few highlights of the program.

-----Theatre PAC Audition

Acting: Two contrasting monologues from published plays performed in less than 3 minutes

Musical Theatre: one monologue and one song, both performed in less than 3 minutes (must bring music on CD or iPod—no a capella singing will be permitted).

Theatre Technology: Students must attend a Design Workshop, learning creative ideas about scenery, publicity, and costumes. Students do not need to have prior experience in Theatre Technology, but will learn a lot and have a lot of fun in the workshop, working in teams to create unified production designs for a very short play.
