

## Transcript of Video

### English

Hello parents, this is Ms. List school counselor here. Thank you so much for wanting to volunteer your time in working with our students and being involved in something that we think is important called the Mount Rose Playground Initiative. We're really excited to have you here, we welcome you! Please follow the link to read through the PowerPoint, it should take you about two to three minutes. It is just an orientation video about what we expect and what we are trying to achieve here this year through our initiative. If you have any questions, reach out to me, reach out to Ms. Brown our principal, or Ms. Silvia in the front office and we will help you out in any way that we can. We look forward to having you start. Thank you so much!
