Counselor's Corner

Hello Pleasant Valley Families!

This time of year, my guidance lessons tend to center around appreciating diversity in the spirit of Dr. Martin Luther King's dream. Any time of the year is a good time to expand your child's knowledge of diversity and acceptance, but knowing where to start can be hard. Starting diversity conversations around race, disability, cultural and/or LGBTQIA+ issues can be daunting. Luckily, you can start small with elementary-aged students. Here is a great article with tips on how to start conversations with your child around diversity.

1. Go to the website www.verywellfamily.com
2. In the search bar enter: Talking to kids about race
3. Click on the link: Talking to Kids About Race and Cultural Diversity, the article is by Katherine Lee.

We are empowered and inspired before we depart.

Principal's Corner,

Happy 2020! We are over halfway through the school year and it just keeps getting better! Our staff and students are more focused than ever before. Our growth numbers are increasing each term, our comfort level with our new ELA Benchmark Curriculum is growing and there are tons of smiling and happy students running around on their new playground equipment. It has been a great first month of a new decade.

Yes...our new playground equipment is here! Thank you to our PTA, all the families and friends that raised and contributed funds, Tungsten Engineering Contractors for donating the time, equipment and removal of the old playground and to our Student Leadership Team who assisted in advertising and selecting the playground structure. If you have not seen it, stop by and check it out!

Thank you very much to our PTA and all of the volunteers that participated in the afternoon student events the week before Winter Break. The students had a wonderful time!

Welcome 2020!
