School Supply Lists

Middle school students are sometimes bewildered by their schedules and multiple teachers such that it can be difficult to stay organized. By defining what the necessary supplies are for the school, students benefit because they always have what they need to satisfy most classroom requirements. Parents are spared the expense of purchasing multiple supplies, and teachers can be confident that students will have what they need to be successful in school. Students will carry their supplies in their backpacks – no lockers will be assigned for 23/24. ¹
