

CSI, TSI, ATSI Progress Update Tool

Progress Update #2

Due Thursday, October 29, 2020

Submit/Post to School Website

School Performance Plan Implementation: Using data from your fall interim assessment(s) please provide a short narrative to capture your progress in the implementation of your School Performance Plan thus far.

Professional Development

Progress: Using the Dufour PLC model, we have identified the Essential Standards within each subject

Barriers: Uneven schedule so far this year has led to less PLC time because of more time to plan lesson plans
--

Next Steps: Using our Essential Standards to backwards plan each unit from the common assessment to each lesson.

Family Engagement

Progress: PTO has begun meeting again. School website views have grown to over 3000 per month. Virtual Parent Night increased views on website. Social Media sites have record number of followers

Barriers: No parents being able to be in the building
--

Next Steps: Grow PTO influence virtually, create opportunities for families to join events virtually

Curriculum, Instruction, Assessment

Progress: We have identified the Essential Standards within each subject

Barriers: Uneven schedule so far this year has led to less PLC time because of more time to plan lesson plans
--

Next Steps: Using our Essential Standards to backwards plan each unit from the common assessment to each lesson.

Elementary and Middle Schools report interim data here:

1. Based on this data, list the adjustments (if any) you will be making to your action plan?
None
2. What targets will you set for the Winter benchmark based on this initial data? Because of the loaning out of most of our laptops, we will only be MAP testing our SPED population. Our goal is for an average 3 point RIT gain from Fall to Winter.
