## WHAT YOU MAY WANT TO KNOW...

- I love history and teaching.
- I'm married with two little girls (7 & 5).
- Your child helped participate in a simulation of the Confederation Congress (1781-1788) where they elected representatives and created a class constitution which developed some of the rules and procedures of our class.
- They have, or soon will, receive a copy of the newly minted rules and procedures drafted by the delegates.
- We will have a working three branch government in our class in which every student has a role.
- Students will have access to all learning material (both classwork and homework) via OneDrive, MyAP, and TEAMS.
