

Title I Parent & Family Engagement Policy

Purpose of this Policy

This policy describe how the school will provide opportunities to improve family engagement to support student learning and support a partnership among the school, families and the community to improve student academic achievement.

Katherine Dunn is a Title I school in the Washoe County School District (WCSD) and uses the Title I grant to improve student achievement and help all students meet the objectives of the challenging Nevada Academic Content Standards; a partnership with families is essential to meeting this goal.

This policy is distributed to all families and the community in English and/or Spanish through the school website, and, if needed, school personnel will help families with different language needs to understand the policy. Families have opportunities to provide comments and feedback on the policy through our regularly scheduled parent and teacher meetings, and informal and formal family engagement events.

Katherine Dunn jointly developed/revised this policy on **5/9/2023** with members of the school community and adopted it for the **2023-2024** school year.

Communication and Accessibility

This school will provide meaningful, timely and family friendly communication with families and opportunities for the participation of all families, including parents with limited English proficiency, parents with disabilities, and parents of migratory students.
