Steps to Enroll: Jump Start Students

The Steps to Enroll for TMCC's **Jump Start Program for High School Students** were developed to support your success at TMCC. You must complete these steps before you can register for classes.

1. **Apply for Admission**
   Complete a TMCC Application for Admission and view important dates and deadlines. If you need assistance or have questions in completing the application, please contact TMCC's Jump Start Program.

2. **Complete the Jump Start Orientation**
   The online Jump Start Orientation will help you learn the requirements and responsibilities of taking college classes. In addition, it will provide guidance and helpful resources to help you be successful. Students must complete the Jump Start Orientation by logging into Canvas with your TMCC username and password.

3. **Complete Permission to Enroll Form**
   If you are a high school student, submit a Permission to Enroll form. Incomplete forms will delay the enrollment process. In addition, if the class you've selected has prerequisites, send us a copy of any supporting documentation (i.e., ACT scores, SAT scores, high school transcripts, AP scores, etc.). Homeschooled students must also provide a completed "Notice of Intent to Home School" form, appropriately filed in the school district where they reside.

4. **Pay for Classes**
   Class payment is completed through MyTMCC using your TMCC username and password.

Returning Jump Start Students

Returning Jump Start students only need to follow steps 3 and 4 above. A Permission to Enroll form is required for enrollment every semester.
