

GENERAL INFORMATION FOR FULL TIME DISTANCE LEARNING (EDGENUITY)

- You are scheduled for full distance learning for the Fall 2020 semester at Galena High School. Your classes are through the on-line platform of Edgenuity. You can access Edgenuity anywhere you have access to the Internet, including your phone. Chrome is the best browser for the program although you can access it via anyway you access the Internet. *NOTE: Edgenuity courses are not “taught” by Galena teachers; however, a Galena teacher may be overseeing your progress in the courses. Additionally, distance learning students may **not** take any class on Galena’s campus.*
- You will be assigned your classes in Edgenuity prior to the first day of school (August 17th). You will be able to see the classes you are scheduled in by checking IC the weekend before the start of school. Courses will be noted in your schedule in IC with the title “Distance Learning” **and** the name of the Edgenuity course you are assigned to **for each period**.
- Your counselor will assign the Edgenuity classes based on the course selection form you completed last spring. Please note that there are a limited number of elective classes offered through Edgenuity so the counselors will do their best to “match” your requests to what is offered in Edgenuity.
- If you signed up for an ROTC, STEM or CTE (Metals, Construction or Foods) course(s), you will be completing that course on a distance learning model with your Galena teacher- **NOT** through Edgenuity. You will complete it at home- not on Galena’s campus. You will see the course(s) reflected on your schedule during the assigned period. Your Galena teacher for that class will contact you on the first day of school regarding expectations/procedures for the course. All other courses, including other electives, will be completed via Edgenuity.
- You will be assigned seven classes total.
- A distance learning teacher will be assigned to you to monitor your progress and attendance on Edgenuity. ***This teacher will be your contact person for any Edgenuity-related questions.***
- Once your Edgenuity class is loaded into Infinite Campus it takes at least 24-hours to load into the Edgenuity platform. Once the classes are loaded you are free to move through the courses and finish as quickly as you are able. There are videos to go with each of the lessons and then quizzes at the end of each lesson; you can take notes and use them on the exams.
- If you complete any of your courses in Edgenuity ‘early’ (prior to the end of the Fall 2020 semester), you will be able to start another course in Edgenuity.
- There is a link for a YouTube video on how to navigate the system if you are a first time Edgenuity user: <https://www.youtube.com/watch?v=8YcrkabG4uU>
- To log in to Edgenuity:
 - Go to the website: <https://auth.edgenuity.com/login/saml/student/washoeschools>
 - Your log in is your own personal student ID number @washoeschools.org with the example below:
 - 1234567@washoeschools.org
 - Your password is your own personal student ID number with the example below:
