RST.11-12.4 Determine the meaning of symbols, key terms, and other domain-specific words and phrases as they are used in a specific scientific or technical context relevant to grades 11–12 texts and topics. RST.11-12.5 Analyze how the text structures information or ideas into categories or hierarchies, demonstrating understanding of the information or ideas. English Language Arts: Speaking and Listening Standards SL.11-12.1d Respond thoughtfully to diverse perspectives; synthesize comments, claims, and evidence made on all sides of an issue; resolve contradictions when possible; and determine what additional information or research is required to deepen the investigation or complete the task.</p>	<p>CONTENT STANDARD 1.0 : DEMONSTRATE EMPLOYABILITY SKILLS FOR CAREER READINESS Performance Standard 1.1 : Demonstrate Personal Qualities and People Skills <i>Performance Indicators</i> : 1.1.1-1.1.7 Performance Standard 1.2 : Demonstrate Professional Knowledge and Skills <i>Performance Indicators</i> : 1.2.1-1.2.10 Performance Standard 1.3 : Demonstrate Technology Knowledge and Skills <i>Performance Indicators</i> : 1.3.1-1.3.4</p>
Unit 6 – Reverse Engineering																				
	Overview																			
	Key Terms																			
6.1	Visual Design Principles and Elements Identification																			
6.2	Visual Analysis: Automoblox																			
6.3	Functional Analysis: Automoblox																			
6.4	Structural Analysis: Automoblox																			
6.5	Product Reverse Engineering Presentation
