

Dear Parents and Guardians,

Welcome to Kindergarten! Below is a list of supplies your child will need for class. Please bring them to your screening. We are also asking for a class fee to purchase cooking supplies, as well as art and craft items specific to occasions. This fee does not include field trip costs. We will ask for those fees separately as we need them.

- One box of **Crayola** Crayons – 24 count
- 4 “Kindergarten Pencils”  
We would like 2 **large** yellow round pencils and 2 of the large black **triangular** shaped pencils. Both are made by Ticonderoga and can be found at Office Depot.
- 2 wide ruled **composition** books (**not** spiral notebooks as they don’t hold up as well) – 1 black cover, the other can be color of your choice
- One pad of 25-50 pages of **watercolor** paper (*please no drawing paper as it does not take watercolor paint well*).
- 10 Elmer’s glue sticks
- One container of Clorox wipes
- One box of Kleenex
- One **canvas or fabric-like reusable Bag** to bring to school and home. We do not use backpacks in Kindergarten
- One leak proof refillable water bottle. Water fountains cannot be used so kids will have to refill their bottle using the faucet. Please make sure they can open independently.
- Class fee totaling \$30, \$25 for class materials, \$5 for computer lab fee

**Last name ending in A-I** Liquid Elmer’s Glue\*\*

**Last name ending I-R** Box of black sharpies\*\*

- **Last name ending S-Z** One pack of tissue paper, color of your choice\*\*

Please **do not purchase a backpack** for your child as we ask that the children do not use backpacks in Kindergarten. We do not have enough room to store them or hang them safely. They become a hazard as they block the classroom entrance and restrooms. Please send your child to kindergarten with a reusable canvas bag such as the type you can purchase at a grocery store. It must be large enough to fit a standard size school folder and a lunch box. We look forward to seeing you!
