Tierney Cahill named Principal of Incline High School

Incline High School and Washoe County School District are excited to announce that Ms. Tierney Cahill has been selected as the new Principal at Incline High School. Ms. Cahill has been with the Washoe County School District for many years and in that time has supported students and families as a Teacher, an Implementation Specialist, Dean of Students, Assistant Principal and most recently as Principal at Alice Maxwell Elementary School in Sparks.

Tierney comes to Incline Village with a wealth of knowledge and impressive educational background, including 2 Graduate Certificates from Harvard University's Graduate School of Education (2013, and 2017) and a 3rd Post-Graduate Certificate from Georgetown University.

A passionate, life-long learner, Tierney is also a huge proponent of Competency Based Education and Project Based Learning. So much so, that in 2000, when challenged by one of her 6th grade students, she decided to show her class that "anyone" could run for Congress and proceeded to run a highly successful campaign from her classroom- sharing the process along the way.

Ms. Cahill has already been instrumental in two big turnarounds within Washoe County School District. She was part of the leadership team that started Innovations High School, the only Big Picture School in Nevada to specialize in personalized learning and also had the opportunity to lead Maxwell Elementary School from a low, 2-Star school to a high 4-Star school - all within a 3-year time frame. She is excited to lead Incline High School into its next chapter!

Ms. Cahill will be at the Duffield Theater at Incline High School (and via Zoom) on **Thursday, March 11th at 5:30** to meet the community. Please join us in giving her a huge welcome to Incline Village!
