Our Program

We open at 7 am and close at 6 pm. We will be available every day after school at the time the bell rings. Every afternoon we offer a snack and homework help. During the morning and afternoon program the kids can engage in organized activities or free time with art and games. We are known for our card games...kids always bring the games home to teach their families. We believe in providing a fun and safe environment to engage with each child. Every kid is different and so are our employees. Great personalities make for a great program.
