- If you do not know your log in information, or if you are having difficulties registering your child please contact our office.
- **We do ask that if you are experiencing issues, please do not create a new student profile for your child.**
- If you have an incoming kinder student you will add them with your existing child's online registration.
  - While in the registration process you will see a tab marked other household.
    - If your incoming child is **not** listed in this section you may continue to the next page and add them as a new student under the "Student" tab
    - If your incoming child is listed in this section beside your child's name there is a blue edit box. Simply click on the edit box and at the bottom you will check mark the white box that says you are registering this student for the incoming school year.
