

Danielle Stearley  
Teacher

Hi Westergard Families! I am so excited to be teaching Strategies!

I began working in the WCSD as an aide at Swope Middle School in 2002. I got my first teaching assignment in 2004 as a music teacher at Lois Allen Elementary. Since that time I have also served at Alice Smith Elementary, Caughlin Ranch Elementary and The King's Academy.

I am working towards my Master's in Special Education with a focus on students with autism. I completed my bachelor's degree in music performance and education at The University of Nevada.

I love spending time with my husband and daughter in the great outdoors. We love to camp, hike, bike, and ski. I also like to read and spend time with friends.

Westergard is an amazing school. I cannot wait to spend my days teaching and learning from our amazing students. Please feel free to contact me with any questions.
