

Melanie Cueto  
Literacy Specialist

I began my teaching career in California where I taught fourth, fifth, and sixth grades. The lure of beautiful Northern Nevada was strong and I decided to continue my educational career in Reno. I have been with the Washoe County School District for twelve years and have served as an Instructional Coach, Implementation Specialist, Dean of Students, Data Coach, and Assessment Coordinator.

As a Westergard Wildcat, I will be serving students and staff in the role of Literacy Specialist. I have a Bachelor's Degree in Political Science from the University of Nevada Reno, a Master's Degree in Education, with an emphasis in Curriculum and Instruction, from Cal Poly San Luis Obispo, and a Master's Degree in Educational Administration from American College of Education. When I am not working, I like to read, travel through Europe, and play tennis.

I am thrilled to be part of such an amazing team at Westergard and I look forward to serving this community!
