

Sarah Johnson  
Teacher

Sarah Johnson grew up in this beautiful area attending Verdi Elementary, Billingshurst Middle, McQueen High and the University of Nevada, Reno. She is proud to call Reno her home and even more proud making a difference in the lives of her own 2 children as well as her students. She taught 1<sup>st</sup> grade and special education at Westergard during the 2004/2005 and 2005/2006 school years.

She stayed at home with her two children for the next seven years and has been teaching again at Westergard since the 2013/2014 school year. While attending McQueen High School she took a Reading Buddies class at Westergard where she worked on literacy with 2<sup>nd</sup> grade students. She also worked at the before and after school program at Westergard while attending UNR.

When she is not teaching, she enjoys spending time with her husband and children, coaching and playing soccer, hiking, biking, camping, skiing, and reading, reading, reading! She is looking forward to a wonderful year with all of her students.
