2.06 Presentation and Discussion of the Proposed Sexuality, Health, and Responsibility Education (S.H.A.R.E.) Seventh (7th) Grade Curriculum, to include Lesson Plans and Accompanying PowerPoint Presentation Materials, for Draft Lesson Reproduction and Sexual Health, (as indicated in attachment A to this agenda) and the Concepts Proposed to Include: Review Of Biological Male And Biological Female Reproductive Systems, the Process of Human Reproduction And Conception, Define Sexual Intercourse, and the Inclusion of Two Videos: Sex Education for Middle School –Body Basics (<https://youtu.be/D6ABgVHNRWc>) and Human Journey in the Womb (https://youtu.be/IdYX_CkgJ00); and Possible Action to either Recommend Adoption of the Proposed Curriculum, with any Additional Revisions, and Deletion of the Existing 7th Grade SHARE Curriculum Lesson Related to the Reproductive Systems of the Biological Male and Biological Female and the Process of Human Reproduction and Conception, by the WCSD Board of Trustees or Recommend Revisions to the 7th Grade Draft SHARE Lesson Reproduction and Sexual Health to the S.H.A.R.E. Coordinator for Future Additional Consideration by the S.H.A.R.E. Advisory Committee.

It was moved by Committee Member Andrea Thompson and seconded by Committee Member Sarah Kaiser that **the SHARE Advisory Committee recommends. We propose sending back for revision to Rochelle Proctor, then come back to the committee for review at a future date, where we will only discuss the revisions that have been made then consider to move forward to the Board; the seventh grade curriculum presented today on the draft lesson, reproduction and sexual health with the following revisions: an additional slide that covers basic contraceptive methods to include emergency contraception, similar to that of the eighth grade curriculum, which has already been approved at a recent meeting, which covers the 28 day cycle for menstruation, remove the 28 days and just keep the average menstrual cycle at the top of the slide, to include on the second bullet point that the average menstrual cycle may be anywhere between 21 to 35 days and then to add an additional bullet point that menstrual cycles may be affected by stress, diet,**

genetics, et cetera. And then to have an additional slide, which states that anyone who has concerns regarding their menstrual cycle or reproductive health may contact or see a healthcare provider and an additional bullet point, which has a disclosure that you do not need to have a vaginal exam or physical exam to discuss your concerns or complaints with the healthcare provider. On the "think of what you know" activity to allow an option for students to have sticky notes or Post-it notes, to capture their initial thoughts and then be able to put those on the specific papers as outlined by the activity. And also, a disclosure prior to the location of the female reductive reproductive system to propose the question of why this is an important topic for all genders, no matter how you identify for discussion with your students.

Committee Member Manny Magana suggested three friendly amendments, First, to add a slide at the end to address how you can get pregnant before a period. Second, to explain to everybody open for discussion, why this was important to discuss this and have everybody understand it. Third, to allow the teacher to make the best decision on how to do the activity to help the students answer the questions on slide three.

The maker of the motion, Andrea Thompson, and the seconder, Sarah Kaiser, accepted the first and third amendment.

The maker of the motion, Andrea Thompson, did not accepted the second amendment.
