Edits were made under the sections regarding weight gain, sweat starts to smell, and there were enlarged wording for slide 9, social changes and slide 10, emotional changes.

Curriculum lesson So, What is Puberty? to the S.H.A.R.E. Coordinator for future additional consideration by the S.H.A.R.E. Advisory Committee (FOR POSSIBLE ACTION)

S.H.A.R.E. Coordinator, Rochelle Proctor stated she put these two videos forward after doing more research. Committee Member, Kelly Roper stated she liked both videos and enjoyed the true/false paddles in the fake classroom because she thought it was the best way to have everyone answer. She also stated she did not like "expert" on the video and proposed that the video stops when the kids write down questions.

Committee Member, Andrea Thompson stated it would be helpful to know what part of the video she could look at to reference what Ms. Roper was discussing. Ms. Roper clarified that it was in question number one of the video, why doesn't puberty take place in elementary school, because the response seemed inaccurate because they have previously discussed puberty can happen as soon as eight or nine years old. Committee Member, Manny Magana echoed what Ms. Roper said and suggested a link or let teachers know to stop video before it gets to the very end and get to all the ads. Ms. Thompson said she didn't recall that there was a mention of what kind of expert the person was and believes it is contradictory to what has been told to the kids and had concern over the length of the video.

Committee Member Rabbi Benjamin Zober agreed with the first part of the video and then it loses steam with the expert, did have concerns about comparing testicles to kiwis as it is not realistic. Ms. Thompson suggested having more information in the teacher's note that they are really trying to show we all come in different shapes and sizes.

Committee Member, Stephanie Shuman stated she liked the videos, and asked if they could do edits on taking care of your body during puberty to remove the first ad that shows or make sure teachers know to quickly skip ad. Chair Wade said most teachers get the video ready before and move past the ads before showing to the class.

Ms. Roper had a clarifying question for the agenda for replacing the videos from the bottom two that are mentioned. Ms. Proctor stated that was correct and reiterated that she asks the teachers in advance to have the videos ready to play before the students are present as there always seems to be strange ads.

Chair Wade asked if they had received any public comment. No public comment had been submitted.

Mr. Magana wanted to clarify that teacher's not show the video on guest wi-fi as it will not allow them to access the videos and they need to make sure they are logged in properly.

On motion by Kelly Roper, second by Ashley Wade, that the Sexuality, Health, and Responsibility Education (S.H.A.R.E.) Advisory Committee accept the videos, What is Puberty, Feeling Happy, Depressed and Other Emotions and Every Body Curious/Puberty ending at 3 minutes and 45 seconds to replace videos, Taking Care of Your Body and Puberty, Finding Out Who You Are and recommend forwarding to the Board of Trustess (Yea: Lydia DeFlorio, Stephanie Shuman, Kelly Roper, Manuel Magana, Andrea Thompson, Ashley Wade, and Rabbi Benjamin Zober) Final Resolution: Motion Carries 7-0.

2.05 Presentation and discussion of the revisions recommended by the Sexuality, Health, and Responsibility Education (S.H.A.R.E.) Committee on November 8, 2021, to the proposed S.H.A.RE. 2.07 Presentation and discussion of the proposed Sexuality, Health, and Responsibility Education (S.H.A.R.E.) Fourth (4th) grade curriculum, to include lesson plans and accompanying PowerPoint presentation materials, for draft lesson Friendships and the concepts proposed to include; characteristics of healthy and unhealthy friendships, positive and negative ways friends and peers can influence relationships, consent, identify trusted adults, and the inclusion of two videos: Consent for Kids (2:30) <https://youtu.be/h3nhM9UIJjc> and What Makes a Good Friend (2:22) <https://youtu.be/iPb0Ww7gDIo>; and possible action to either recommend adoption of the proposed curriculum, with any additional revisions, and deletion of the existing curriculum related to the 4th grade S.H.A.R.E. curriculum lesson Friendships, by the WCSD Board of Trustees or recommend revisions to the 4th grade draft S.H.A.R.E. lesson Friendships to the to the S.H.A.R.E. Coordinator for future additional consideration by the S.H.A.R.E. Advisory Committee (FOR POSSIBLE ACTION)

S.H.A.R.E. Coordinator, Rochelle Proctor reviewed objectives, activities, lesson prep, lesson intro, use of slang words, lesson one focus on friendships, relationships with others, types of relationships, positive and negative influences on relationships and reviewed what people might say or do to be in a positive or negative friendship. Reviewed consent – permission for something to happen or not happen, ongoing process as person can always change their own mind.

Chair Wade stated she was happy to see discussion of friendship and consent and it lays good groundwork for future lessons. Committee Member, Kelly Roper loved it and believed the discussion of friendship was awesome and enjoyed the diverse friends saying what makes a good friend. Chair Wade echoed those comments.

Committee Member, Manny Magana asked if after slide five there is a slide six. Ms. Proctor it was her numbering, he made a suggestion for slide 6 to expand on consent to make sure it stated it needs to be asked each time. Chair Wade asked if he was good with saying consent is an ongoing process, that's why friends check in with each other every time. Mr. Magana stated that even though it is a simple concept, it may go over their heads. Chair Wade asked if he had better verbiage and he stated if she gave him a couple of minutes, he would work on it.

Chair Wade asked if there was public comment. No public comment was provided.

Committee Member, Lydia DeFlorio asked if the true/false quiz was in the provided documents, Ms. Proctor apologized it was not included. Ms. DeFlorio suggested adding a bullet point in teacher's notes about asking for consent every time.

Committee Member, Kelly Roper liked adding an extra slide for consent and asked if it made more sense to have it after the video so it is more of a closer and ties it together. Chair Wade since they do not have that activity to preview, they don't need to settle on verbiage and could possible revisit revisions. Chair Wade asked for public comment. No public comment was provided.

Ms. Roper asked that the other purpose was for the committee and public to see the quiz. Chair Wade stated that was correct and was her intent.

On motion by Ashley Wade, second by Manny Magana, that the Sexuality, Health, and Responsibility Education (S.H.A.R.E.) Advisory Committee revisit this lesson with changes as discussed at a future meeting (Yea: Lydia DeFlorio, Stephanie Shuman, Kelly Roper, Manuel Magana, Andrea Thompson, Ashley Wade, and Rabbi Benjamin Zober) Final Resolution: Motion Carries 7-0.
