Subject: [EXTERNAL] Public Comment Rules - Unconstitutional - End Taylor's Tyranny
Date: Wednesday, December 29, 2021 9:19:57 AM

I keep telling the Board that the rules indicated for public comment are unconstitutional. That Little Gestapa Socialist Fascist Angela Taylor does not get to control what parents and taxpayers say at School Board meetings no matter how odious or insulting the speech, or the topic provided no violence is incited. The First Amendment does not stop at the School Board meeting door. **Taylor, that little Hitler has already caused two lawsuits against the district, specific to this issue and if she remains as Board President and the face of the district, you can be assured that more are coming and that Board meetings will be even more contentious.**

We saw the real Angela Taylor during the Jeffrey Church Censure Circus. This woman is a vicious, caustic Socialist Fascist who is a divider not a uniter. Taylor is obviously owned by the teacher's union, which makes it impossible for her to represent the interests of children, parents, and taxpayers. **As such, Taylor could very well be the subject of a recall election because we can't wait until 2024 to end her tyranny. The Board would be well advised to remove Taylor as an officer in charge of anything. This woman is a lawsuit liability. Two and counting. JM**

P.S. Conservatives are suiting up to run against current school board members who support CRT indoctrination and imposition of the LGBTQIA agenda in Washoe schools. Check books are ready to go. This battle is far from over.

Subject: [EXTERNAL] School Names - Where Are The Republicans?
Date: Wednesday, December 29, 2021 8:54:26 AM

Would like to see some prominent Republicans for school names. How about Donald Trump High School? Where is the Ronald Reagan High School? What about Paul Laxalt High School. The last thing we need is a Dirty Harry Reid High School, one of the biggest crooks to ever serve in Congress. May he rot in hell.
