The meeting of the Zoning Advisory Committee was call to order at 5:47 p.m. in the Multipurpose Room at Jesse Hall Elementary School, 185 Shelby Dr., Sparks, Nevada 895436

1.02 Roll Call

Chair Beth Smith and members Polly Boardman, Christina Pearson, Jennifer Peterson (via telephone), Adam Carpenter, Jason Shipman, and Dana Galvin were present at roll call. Members Theresa Birchfield, Lorrain Toole, Sierra Clark, Stephanie Hanna and Melissa Boesen were absent. Committee Liaison Dr. Paul LaMarca and staff were also present.

Member Araceli Martinez arrived at 6:12 p.m.

1.03 Public Comment

There was no public comment at this time.

1.04 Action to Adopt the Agenda

On motion by Polly Boardman, second by Dana Galvin, the Zoning Advisory Committee approved the agenda as presented (Yea: Beth Smith, Polly Boardman, Christina Pearson, Jennifer Peterson (via telephone), Adam Carpenter, Jason Shipman, and Dana Galvin. Final Resolution: Motion Carries 7-0

2. Items for Discussion, Presentation, And/or Action

2.01 DISCUSSION AND POSSIBLE APPROVAL OF THE MINUTES FROM THE NOVEMBER 15, 2018 ZONING ADVISORY COMMITTEE MEETING

There was discussion and suggested changes to the minutes.

On motion by Polly Boardman, second by Christina Pearson, the Zoning Advisory Committee approved the minutes, with suggested changes, of the Zoning Advisory Committee meeting of November 15, 2018. (Yea: Beth Smith,

Polly Boardman, Christina Pearson, Jennifer Peterson (via telephone), Adam Carpenter, Jason Shipman, and Dana Galvin. Final Resolution: Motion Carries 7-0

2.02 PRESENTATION AND DISCUSSION OF PREVIOUS ZONING CHANGES RECOMMENDED BY THE ZONING ADVISORY COMMITTEE AND APPROVED BY THE BOARD OF TRUSTEES TO SCHOOLS IN SPANISH SPRINGS, INCLUDING YVONNE SHAW MIDDLE SCHOOL, SKY RANCH MIDDLE SCHOOL, ALYCE TAYLOR ELEMENTARY SCHOOL, JESSE HALL ELEMENTARY SCHOOL, SPANISH SPRINGS ELEMENTARY SCHOOL, EDWARD VAN GORDER ELEMENTARY SCHOOL, BUD BEASLEY ELEMENTARY SCHOOL, MIGUEL SEPULVEDA ELEMENTARY SCHOOL, AND THE NEW JOHN BOHACH ELEMENTARY SCHOOL, SCHEDULED TO OPEN FOR THE 2020-2021 SCHOOL YEAR.

Adam Searcy, Chief Capital Projects and Facilities Management Officer began the presentation of the zoning changes. Mr. Searcy explained that the Spanish Springs area Elementary and Middle School zoning presented to this committee for discussion, about a year ago, was by mistake presented to the Board as formal for action and it was approved. Mr. Searcy explained that the committee has the ability to reexamine as see fit. Dr. Paul LaMarca commented that what was presented to the Board was accurate; however, the zoning committee had not made a formal recommendation for Bohach Elementary School.

Public Comment:

Malia Puchta stated that she feels that this title is misleading. She stated that she could not find any reference of any discussion or vote in the meeting minutes since it was first brought up in February.

2.03 DISCUSSION AND POSSIBLE ACTION TO RECOMMEND TO THE BOARD OF TRUSTEES ZONING CHANGES THAT COULD AFFECT ALYCE TAYLOR ELEMENTARY SCHOOL, JESSE HALL ELEMENTARY SCHOOL, SPANISH SPRINGS ELEMENTARY SCHOOL, EDWARD VAN GORDER ELEMENTARY SCHOOL, SKY RANCH MIDDLE SCHOOL YVONNE SHAW MIDDLE SCHOOL, AND/OR THE NEW JOHN BOHACH ELEMENTARY SCHOOL, SCHEDULED TO OPEN FOR THE 2020-2021 SCHOOL YEAR.

Adam Searcy, Chief Capital Projects and Facilities Management Officer, presented three rezoning options to address overcrowding at Taylor Elementary School. Rezoning option one only impacts Hall Elementary School and Taylor ES. Option 2 also just involves those two schools, Hall Elementary School and Taylor Elementary School. Option 3

involves Van Gorder Elementary School, Spanish Springs Elementary School and Bohach Elementary School.

Public Comment:

Scott Mullins suggested the possibility to change the zoning in option 3. He asked the committee to consider sending the students from the new Lennar house development to Van Gorder Elementary School; he believes Bohach Elementary School will be at its maximum in 5 to 7 years.

Malia Puchtta suggested the district looks at the possibility to re-work the lines for more equity of enrollment and pointed out the district could save money in transportation should students living in walk zones attend their zoned school.

Megan Rix expressed concern over students from Spanish Springs Elementary School on variances, do they get to come back while the rest get rezoned and suggested that the district pay close attention to new developments coming into the area for student growth.

On motion by Jason Shipman, seconded by Polly Boardman, the Zoning Advisory Committee recommended Rezone Option One to the Board of Trustees. (Yea: Beth Smith, Polly Boardman, Christina Pearson, Jennifer Peterson (via telephone), Adam Carpenter, Jason Shipman, and Dana Galvin. Final Resolution: Motion Carries 7-0

2.04 PRESENTATION AND DISCUSSION ABOUT THE CASCADING EFFECTS OF THE POTENTIAL ZONING BOUNDARY CHANGES STEMMING FROM THE NEW MIDDLE SCHOOL IN ARROWCREEK, INCLUDING A DISCUSSION ABOUT THE TIMELINE OF RECOMMENDATIONS

Adam Searcy, Chief Capital Projects and Facilities Management Officer, presented the cascading effects of the potential zoning changes stemming from the new middle school in Arrowcreek. Breaking ground of the new school is next month. Mr. Searcy explained that Hunsberger Elementary School, Lenz Elementary School and Pleasant Valley Elementary School would be the only three schools to rezone into the new middle school.

3 CLOSING ITEMS

3.01 ANNOUNCEMENT OF NEXT MEETING:

The next meeting of the Zoning Advisory Committee is scheduled for Thursday, February 21, 2019 at 5:30. The location of the meeting will be announced.

3.02 PUBLIC COMMENT

John Rigos asked if they had enough members to vote on item number one and asked if the rezoning would start this school year.

3.03 ADJOURN MEETING

There being no further business, the meeting adjourned at 6:52 p.m.

Subject: Rezoning to Smithridge ES and the Neil Road community

Dear Zoning Committee

Thank you for making a right decision for community in mostly South Truckee Meadows area for reducing overcrowded and move 6th grade to middle school in mostly school and create a new middle in Arrowcreek, reducing school bus, and creating a neighborhood school. I appreciate the work that you to do is to help the students, parents, community, and school to provide a balanced and better education to every student to have successful in school to achieve to graduation. I share your passion that all students deserve the best education and better unitize school building as possible.

In last time I sent to email to you about rezoning the whole Neil Road community to Smithridge ES as the 2020-21 school year, I saw the map and number of growth in next 10 years of Neil Road area, Smithridge ES is facing overcrowding, and Corbett ES also, despite being in urban area, I saw the numbers of students is decline. Neil Road are is not growing as result of many families are leaving the United States because of political influences or reducing the number of poverty in the United States. I hope that all Neil Road students can go to one school is Smithridge ES, and we can reduce the number of school buses, eliminate split feeder, make a community more connect.

I am concern about my neighborhood being rezone from Pine MS to Vaughn MS, when they currently on the walk zones to Pine MS. They will be increase budget on transportation or

students will have to wake up at 5 AM to go to Vaughn MS, just like living in Galena area bus to Pine MS. Walking to Vaughn MS is not feasible because they will have to cross the highway, Plumb Ln, and Kietzke Ln.

I recommend to rezone Corbett ES students who live South of Gentry Way, rather than Moana Ln to Smithridge ES. Splitting on Moana Ln can break-up the community and it not good for neighborhood. All Smithridge ES students goes to Pine MS and students live south of Gentry Way goes to Pine MS, it should be remain rather than rezone to Vaughn MS and creating split-feeder in Neil Road area. Again, moving to Smithridge ES and Pine MS does make sense for the community (Neil Road area) because they also zone to Galena HS, which make sense. I hopefully to you recommend to rezone to Smithridge ES and remain Pine MS.

Sincerely,

Pablo Nava-Duran

Hello,

I am going to try to attend this meeting although it does conflict with my schedule. We specifically purchased this home so both our girls can attend Van Gorder. My youngest daughter is now 3rd grade and has 3 more years there. How do I confirm that the home we purchased is still zoned for Van Gorder?

Dear Ms. Ashby:

Thank you for your message. There is no planned change to re-zone Beasley students back to Mendive MS. We do not project any large population impact for Sky Ranch for the next 5 years or so and based on projections the school still should have capacity well beyond that.

Hello,

I am unable to attend the zoning meeting for sky ranch and I am a mother of two kids at bud Beasley. One of which will go there at the start of the first year open. My fear is that with all the new housing going in by the middle school, is there a chance you would start bud Beasley kids there and then move them back to mendive?? Is this a possibility?

Thanks

As a parent of a 5th grader at Beasley ES I received a letter shortly before break informing me my child would be attending Sky Ranch MS next year. Is there now a chance that will not happen? Is the district still planning to keep their promise to keep these kids together feeding into the same middle school, meaning that Beasley students will remain together going to Sky Ranch? Thank you for your response, time, and attention. I am not able to attend the meeting on Thursday and there doesn't seem to be another one scheduled, so I appreciate this as an option for getting information.

So, on paper, both the 5th and 6th grade students would go to Sky Ranch next year and the 7th grader could too. Your 7th grader is entitled to a variance so he/she could stay at Shaw in grade 8. There are no guarantees for the siblings but space permitting I would expect they would be granted variances.

I'm not sure if your current 7th grader rides a bus this year. Unfortunately no transportation is provided for the variances.

Thanks, Paul

Dear Ms. Giovannoni:

Please accept my apology. Van Gorder's enrollment boundary did not change but it is supposed to feed to Sky Ranch. Van Gorder, Beasley, and Sepulveda are slated to go to Sky Ranch. Spanish Springs, Taylor and Hall are slated to go to Shaw.

It sounds like you have a current 6th grader at Van Gorder. The plan would be for that child to go to Sky Ranch in both 7th and 8th grades.

If I am confusing something further, please call me at [REDACTED]. Again, I am so sorry that my message was inaccurate.

A message from SHAW MIDDLE SCHOOL

Good afternoon!

This is a reminder that your student is zoned to attend Sky Ranch Middle School next school year in 2019-2020.

We've enjoyed having your child at Shaw this school year and I wanted to make sure you know about the option of applying for a variance if your student wishes to continue to

attend our school for one additional year. To do this, you will need to complete a Variance Request Form for your student's upcoming 8th grade school year and submit it to our office on or before this Friday, November 30, 2018.

Also, you may request a variance for your 7th grade student's sibling by completing another Variance Request Form. The sibling variance is dependent on space availability and would be approved for the 2019-2020 school year only. Variances for siblings are approved only if there is space and are not guaranteed.

The Variance Request Form is available in the office or at https://www.wcsdpolicy.net/pdf_files/forms/5018_AF-Rezone_Variance-v1.pdf

It is important to note that we are unable to provide transportation for students granted a variance.

If your child will be attending Sky Ranch Middle School, you do not need to complete a Variance Request Form.

Once again, all variance forms are due by this Friday, November 30th by 2pm.

Thank you for your attention regarding this important issue.

Sincerely,

Mike Gifford
Principal
Shaw Middle School

Thank you again for your assistance and consideration.

Subject: Don't Rezone Van Gorder Kids to Sky Ranch!

Hello,

I have an unusual schedule to work with patients, so I apologize that I am not able to attend the Zoning Advisory Committee.

I would like to file my comment regarding the rezoning of Van Gorder students and graduates from Shaw to Sky Ranch.

I have three children who all did or currently go to Van Gorder, currently in 5th, 6th, and 7th grades. I completely understand that I may request a variance to have all three of my children go to/continue schooling at Shaw—and that is my current plan. I find it ridiculous to have my 7th grade son have to attend a different school every year for four years—your rezoning plan would give my son the experience of being in 6th grade at Van Gorder, 7th grade at Shaw, 8th grade at Sky Ranch, and 9th grade finally at

SSHS. Research has shown that middle school aged children developmentally benefit from a stable team teaching approach that allows children to be followed closely. Rezoning would allow him to be lost and sacrificed in the shuffle.

However, the middle school years are also all about the years of developing strong friendships and sense of self—if I keep my son at Shaw, and have my other two children go there as well, all of their friends will be going to Sky Ranch. At this sensitive juncture of the middle school years, this is not the time to uproot my children from their friendships.

As a parent, I am now presented with this dilemma created by your current rezoning plan: try to keep my children all in one school so they are followed by the same teachers who will know them throughout their middle school experiences, watch them, and be able plan their education at the sacrifice of my children losing all of their friends; or send my children to a new school with their friends, but my eldest son starting over once again in another new school with new teachers who are not familiar with his performance, capabilities, or knowledge from the previous year and requiring him to attend 4 different schools in 4 years' time.

Another issue is the location of Wingfield Springs area residents in relationship to Sky Ranch. I do not believe it is appropriate to send Van Gorder students to Sky Ranch, a school 6 miles away but MUCH more difficult to get to as compared with Shaw Middle School, considering the traffic flow and lack of direct access to Sky Ranch from Van Gorder neighborhoods. Getting to Sky Ranch would require driving up and down Pyramid Highway and backing up the Pyramid/Sparks Blvd stoplight, or conversely overloading Vista Blvd and Los Altos, and then backtracking up Sparks Blvd again. You would essentially be turning what would be a 10 minute Van Gorder-Shaw drive into a 30 minute, fighting morning rush hour traffic Van Gorder-Sky Ranch drive.

I purchased my home in Wingfield Springs SPECIFICALLY so my children would go to Van Gorder, Shaw, and Spanish Springs High School, and I haven't moved because I want my children to have a cohesive and stable schooling experience in a neighborhood and schools with other families that all value and endorse education.

Perhaps the solution is to require all students currently enrolled in middle school to continue and complete their education at that school—but the students who would be new to middle school would go to the new middle school if you feel this is absolutely necessary. However, if you permitted this, you would need to allow students to continue to ride the bus who

are still attending the original middle school. Why? Because the schools will both start and stop at the same time, and a parent cannot get their kids to these different schools at the same time.

Sky Ranch will, I'm sure, be a very nice middle school. But please zone the kids who all live closer to Sky Ranch and for whom it makes more logistical sense to go there—and who likely wouldn't seek variances to other, further away middle schools. Please don't disrupt the Van Gorder-Shaw community and relationship just because on a map it looks like Van Gorder kids are close to Sky Ranch.

Please help our Van Gorder-Shaw children stay together and have a stable schooling experience.

Kindly,

Thank you, Mr. LaMarca, for your service and prompt response. I do not conceive of how you can have an educated discussion of zoning without consideration of programs like the GT magnet. The GT magnet makes up a substantial percentage of the population of Pine. This seems like it should be incorporated into this exercise. I am certain that Mr. Ernst will be actively involved in the upcoming zoning discussions.

From how I see the school breakdown, this discussion will impact all three of the Area Superintendent. The largest impact may be on Dr. Parks with Incline MS. Mr. Swanberg has students from Brown, Double Diamond, and Pleasant Valley that attend the SWAS program at Hunsberger, who would have a more natural progression into the new middle school outside of Hunsberger.

I know this is a complicated process. I know the parents and students are grateful for all of your efforts.

All the best,
Heidi

I will not be able to join the zoning meeting on Thursday, February 21. I wanted to voice my desire to have the GT magnet program moved to the new middle school being built by Hunsberger. I think this will provide consistency for the students in the SWAS program at Hunsberger and be more embracing of gifted students in Incline Village.

All the best,
Heidi

Dear Ms. Matorian,

Thank you for your message. This is the first of three planned meetings to discuss possible changes stemming from the new middle school in Arrowcreek. There are both action and discussion items on the February agenda and that should be true of March and April as well.

Respectfully, Paul

Hi.

Will the meeting regarding zoning at Pine Middle school be a one time event or will there be other meetings? And is this meeting informational or will decision be made.

Thank you.

Dear Ms. Marincic:

Thank you for your message. I assume you are speaking of the GT Magnet Program at Pine. A decision regarding its placement is not within the purview of the Zoning Committee. However, I am aware of no discussion to remove the program from Pine MS.

Hello,

It is also anticipated that Lens will be zoned for the new middle school. Ultimately the Board of Trustees makes that final decision.

Thanks, Paul

Please get back to me at my earliest convenience.

Subject: Arrowcreek middle school zoning

Hello,

I'm a parent of 3 boys who are in the GATE & STEM programs at Galena, Pine, and Hunsberger (1 student at each school). It's extremely important to zone the new Arrowcreek middle school for the South Reno community it will serve. This will foster a sense of community and allow students and parents to build close relationships, thus excelling student learning and education.

Please consider minimizing student bus transportation time, student walking time, and safety. For example, we live on the north side of Galena High School across the Mt. Rose highway. We are too close for bus service, but my son is required to cross Mt. Rose highway twice a day to get to and from school. This creates a very unsafe environment.

Additionally, the South Reno area has many GATE students. It's also extremely important the new school offers a comprehensive GATE program to serve the students in their community. This will allow for students to excel in their studies and communities while minimizing transportation and logistical challenges. Washoe County does an awesome job administering and teaching the GATE programs, and that program needs to be extended to the new Arrowcreek Middle School.

Thank you for considering my input, as I'm not able to attend the meeting in person.

Sincerely,
Kate Cardinalli

Please tell me that we no longer have to commute to Pine if we live in Galena Forest. I love the staff at Pine, but the commute is ridiculous. It certainly wasn't a well thought out plan for this area. Am I correct to assume that Galena Forest residents will have their children attend the new Arrowcreek Middle School?

Thanks,

Dear Ms. Ross,

Thanks you for your message. At this time, the only planned discussion affecting students who currently attend Hunsberger is to rezone them to the new middle school in Arrowcreek. Transportation should not be affected. However, the walk zone for MS students (2.25 miles) is farther than for ES students (1.25 miles).

Hello!

I am wondering if any of the proposed zoning options will affect my children. We currently attend Hunsberger Elementary. We live in Callahan Ranch to the south of Mt Rose Highway. I think I remember hearing that a prior option would have Mt Rose Highway as a line with children living to the south being zoned for Pleasant Valley. I am also curious if changes will impact our access to transportation to either Hunsberger or the new middle school. I appreciate the information!

Dear Mr. Barbey,

Thank you for your message. Currently there is no plan to discuss changes to the enrollment boundary for kids attending Hunsberger. The shift affecting Hunsberger that will be discussed is to rezone those students to the new Arrowcreek MS.

Dear Ms. Sutherland,

Thank you for your message. At the February 21 meeting of the Zoning Committee, the discussion will focus primarily upon schools feeding to Pine MS. There may be a small impact discussed affecting Swope if some zoning changes at Huffaker ES are considered. There will be two additional meetings, in March and April, where additional changes due to the new MS in Arrowcreek will be discussed. At this juncture the April meeting is planned to be held at Swope and it would be at that meeting where the larger potential impacts affecting Swope would be discussed.

Meeting materials for all of our meetings can be found at <https://www.washoeschools.net/Page/6391>.

To Whom It May Concern,

I have been made aware that zoning changes for WCSD are being discussed.

I live at [REDACTED] Currently we are zoned for Swope Middle School. It is my understanding that the zoning committee is giving consideration to changing our zoning from Swope to Pine Middle School.

I want to state that I am opposed to this change. We purchased our home knowing that we were zoned for Swope Middle School. This influenced our decision to buy.

Our zip code is the same as much of Caughlin Ranch. I would ask that you keep our zip code and our zoning with Swope Middle School.

I am unable to attend the zoning meeting on February 21, as I will be out of town.

Please direct my statement to the appropriate zoning committee members.

Thank you.

Hello,

When Rio Wrangler ES school opens up, it looks like the capacity of Brown ES will be low while Lenz ES and Hunsberger ES will be near capacity. I suggest some of the Lenz and/or Hunsberger zones be moved into the Brown ES zone in 2025. The Lenz ES zone in particular has a lot of new construction off Wedge Parkway.

Thank you.

Subject: Proposed Zoning Changes for Middle and elementary Schools

Hello,

We am writing in hopes you can share our email with the committee that is considering rezoning many of the residential areas for elementary and middle schools.

We are currently residents of the Lakeridge Shores community (located on the south side of McCarran Road at Greensboro). We have looked at your many proposed zone change maps for the 2020-21 school year. It is understanding you DO NOT propose to re-zone our current neighborhood. If we misunderstood the proposal, or if you plan to go back to the drawing board in the future, we would like to state our position to leave our zoning as is - to Caughlin Ranch Elementary School, Swope Middle School, and Reno High School. We purchased our home in Lakeridge Shores with great consideration of the schools our children would attend. We also feel the current school zoning adds value to our neighborhood.

We will not be in attendance at the meeting tonight, but would like to be contacted if our neighborhood will. or could be, impacted by the zoning changes.

Thank you for your diligence on this project.

Sincerely,

Rebecca and Michael Tilbrooke
