# RBI PROFILE

## OUR VISION

Reno Business Interiors is a contract furniture and business interiors dealership that has worked to build a solid reputation as a client-centered, full service business. As a company, RBI has grown by providing functional, innovative interiors and furnishings for businesses throughout Northern Nevada. Our goal is to provide your company with personal service, quality products and an efficient working environment that meets your ever-changing needs.

## HISTORY

Reno Business Interiors has been in operation since 2000 as the Northern Nevada Haworth dealer. Prior to this, several of our employees managed the Haworth dealer through Corporate Express of Reno. Reno Business Interiors benefited greatly from the experience and training these employees had and contributed to our success. Over the last eight years RBI has continued to expand their client base and services to meet the needs of Northern Nevada's growing economy.

## OUR SERVICES

As a full service provider, Reno Business Interiors offers the newest quality products and services available in the industry today.

### **Space Planning and Design Services**

Proper planning and design can help establish corporate standards and create a setting that encourages efficiency and productivity while making a visual statement that reflects the values, tastes and personalities of the client. Our registered interior designers Gretchen Graybar and Kimberly Hopkins, are educated in the codes and restrictions for buildings in Nevada and are certified nationally.

- Project Programming
- Design Development
- Computer-Aided Design
- Schematic Plans
- Furniture Specification
- Interior finishes

## **Account and Project Management**

Our sales team puts the customers needs as their primary goal. They manage customer contact from the initial meeting to the final walkthrough. Account managers work closely with a designer and installer on every project to ensure our highest level of service.

- Product Education
- Product Consulting
- Product Order Coordination
- Purchasing Options

## **Installation and Service**

The installation team used on all Reno Business Interiors projects is experienced in a wide variety of furniture lines and communicates closely with the Account Manager responsible for the project.
