## Washoe County School District

Debt Management Policy

# Fulfilling Requirements of NRS $\mathbf{3 5 0 . 0 1 3}$ 

Fiscal Year 2020

## Prepared June 2019

## EXECUTIVE SUMMARY

This Debt Management Policy was created to fulfill the requirements of NRS 350.013. The District is generally limited in the bonds it can issue by its statutory debt limit, the $\$ 3.64$ limit on overlapping tax rates and the amount of revenue available to pay debt service on bonds. The policy discusses the outstanding and proposed debt of the District, its ability to afford such debt and other items relating to the issuance of bonds by the District.

As of June 30, 2019, the District has $\$ 735,197,601$ of total general obligation debt. While significant, the District conservatively issues debt with a coverage requirement and certain reserves, which will allow the District to pay its debt during fluctuations in the business cycle. The District's total outstanding general obligation debt consists of three type of debt:

## General Obligation Bonds Paid by Property Tax

This type of general obligation debt is paid by the levy of a specific property tax. The County currently levies $\$ 0.3885$ at the District's request for the repayment of debt as allowed by the voters and legislature. The 2015 State Legislature approved legislation allowing the District to issue general obligation bonds over a ten-year period via a "rollover" authorization which allows the District to utilize revenues from the existing $\$ 0.3885$ tax rate to repay bonds and provide funding for capital projects. The authorization will expire in March 2025.

Issuance of bonds is conditional upon certain findings being made by the District's Board of Trustees ("Board") and approval from the Washoe County Debt Management Commission and the Washoe County School District Bond Oversight Panel. The Debt Management Commission approves findings related to the District's debt limit, the overlapping tax rate, affordability of debt and the maintaining of required reserves. The Bond Oversight Panel approves a finding that there is a need for school district capital projects equal to or greater than the amount of the proposed bonds.

The District has a total of $\$ 445,945,000$ of general obligation bonds paid by property taxes. The District has authorization to issue $\$ 200,000,000$ of general obligation bonds payable by property taxes. The District expects to issue the bonds over the next three years.

The District reserves the right to issue bonds at any time legal requirements are met.

## General Obligation Revenue Supported Bonds

In November 2016, Washoe County voters approved the WC-1 ballot measure to increase the County's sales and use tax by $0.54 \%$ for capital facilities for Washoe County School District. Together with expected property tax revenues generated by the $\$ 0.3885$ tax rate, WC-1 revenues are expected to generate sufficient monies to finance a number of new schools needed to address current overcrowded conditions; repair, upgrade and reconstruction of existing schools; and new schools needed to address future growth. WC-1 revenues may be used to pay for projects on a pay-as-you-go ("PAYGO") cash basis or to pay debt service on bonds that pledge this source. The District may issue either general obligation revenue supported bonds or revenue bonds using this funding source. To date, the District has chosen to issue the former form of financing due to lower interest costs associated with general obligation debt.

A total of $\$ 285,000,000$ of general obligation revenue supported bonds pledging this revenue have been issued. Presently, debt service on these bonds equals roughly one-fourth of current WC-1 sales tax revenues.

Issuance of bonds is conditional upon certain findings made by the District's Board and approval from the Washoe County Debt Management Commission that such bonds can be paid within existing revenues. The Capital Funding Protection Committee also approves the expenditure plan associated with the bonds as requested by the Board. The District has authorization to issue $\$ 215,000,000$ and is authorizing an additional $\$ 100,000,000$ of general obligation revenue supported bonds paid from WC-1 sales tax revenues. The District anticipates issuing these bonds in at least two series, one in late 2019 or early 2020 and the second during fiscal year 2021.

## General Obligation Medium Term Notes

State law allows the issuance of medium term notes ("MTN's"), which have a term of 10 years or less, as approved by the State Department of Taxation. The District has $\$ 4,252,601$ of general obligation medium-term notes outstanding. This type of financing is typically used by the District for the purchase of vehicles for student transportation.

## Available Statutory Debt Limit

The District has approximately $\$ 1,860,264,000$ of available statutory debt limit.

## Capital Improvement Plan

The District has identified the need for various capital improvement projects in its Capital Improvement Plan. A summary of that plan is attached as Appendix B.

SOURCE: The District's 2020 Final Budget and the District's finance office
The District issued its 2010A School Improvement Bonds as Recovery Zone Economic Development Bonds ("RZEDBs") and they are eligible for a $45 \%$ subsidy on the interest paid. This subsidy is paid by the federal government directly to the District. The 2010D and 2010E School Improvement Bonds are Qualified School Construction Bonds ("QSCBs") and are also subsidized by the federal government. The interest subsidy on the QSCBs is determined by the subsidy rate in place on the day the bonds were sold. Schedules in this document are based on the debt service net of the subsidy payments. As a result of the effects of certain provisions in the Budget Control Act of 2011 (the "Act") which became effective March 1, 2013 the subsidies will be cut. The subsidies on the District's bonds have been reduced by $6.2 \%$ through September 30, 2019. The provisions of the Act prescribe cuts to the subsidies on direct pay bonds, RZEDBs and QSCBs, through federal fiscal year 2024. What these cuts may be and how long they will remain in effect are not certain.

Appendix A contains individual debt service schedules for each of the outstanding general obligation bond issues.

The District anticipates the need for numerous capital projects for which general obligation bonds could be issued.

The following section demonstrates the ability of the District to make principal and interest payments on the outstanding bonds.

## General Obligation Bonds

The District currently has $\$ 445,945,000$ of outstanding general obligation debt paid by the levy of a specific property tax. The following table details the payments on the outstanding bonds.

## Property Tax Secured Bonds Outstanding Debt Service' June 30, 2019

(footnotes on following page)
${ }^{1}$ Excludes medium-term obligations.
${ }^{2}$ Excludes any RZEDB or QSCB credits.
${ }^{3}$ Includes expected subsidy payments on the 2010A, 2010D, and 2010E bonds. Does not include cuts to the subsidy which may result from the effects of certain provisions in the Budget Control Act of 2011 (the "Act") which became effective March 1, 2013. The subsidy on the District's bonds has been reduced by $6.2 \%$ through September 30, 2019. The provisions of the Act prescribes cuts to the subsidies on subsidy bonds through federal fiscal year 2024. What these cuts may be and how long they will remain in effect are not currently certain.

## SOURCE: The District Finance Department; compiled by JNA Consulting Group, LLC

The District is currently levying a tax rate of $\$ 0.3885$ to repay the outstanding bonds. The revenues generated by the tax rate, the balance in the Debt Service Fund and interest earnings are anticipated to be sufficient to pay the outstanding bonds and any future bonds. The following table demonstrates the sufficiency of the property tax revenues to pay debt service.

## Coverage of Debt Paid by Property Tax ${ }^{1}$

| Fiscal Year | $\mathbf{2 0 1 8}$ <br> Audited | $\mathbf{2 0 1 9}$ <br> Estimated | 2020 <br> Budgeted |
| :--- | ---: | ---: | ---: |
| Property Tax Revenues | $\$ 55,455,087$ | $\$ 58,160,509$ | $\$ 61,764,490$ |
| Earning on Investments | $\underline{1,929,001}$ | $\underline{1,688,018}$ | $\underline{1,580,087}$ |
| TOTAL REVENUE | $57,384,088$ | $59,848,527$ | $63,344,577$ |
| Annual Debt Service | $\$ 54,838,181$ | $\$ 58,182,683$ | $\$ 53,473,405$ |
| Coverage | 1.05 | 1.03 | 1.18 |

${ }^{1}$ The District estimates an ending balance in the Debt Service Fund related to the property tax paid bonds of $\$ 34,309,471$ as of June 30,2019 . This amount is in excess of the statutorily required reserve.

## Medium-Term General Obligation Debt

The District currently has $\$ 4,252,601$ of outstanding medium-term general obligation debt paid for with revenues from the General Fund. The District budgets for the payments on its medium-term notes from its Government Services Tax Capital Projects Fund. In addition to the Capital Projects Fund resources, the ending balance of the General Fund is also available for payment. The General Fund ending balance is budgeted to be $\$ 36,280,047$ as of June 30, 2020. The following table details the payments on the outstanding general obligation medium-term bonds.

## General Obligation Medium-Term Debt Outstanding Debt Service

June 30, 2019

|  | Outstanding G.O. <br> Fiscal <br> Year |  | Principal |
| ---: | ---: | ---: | ---: |
| Medium-Term Debt | Interest | Annual Debt <br> Service |  |

## Proposed Medium-Term General Obligation Debt

The District plans to issue additional medium-term general obligation debt in fiscal year 2020. It anticipates the need for $\$ 2,300,000$ to finance bus purchases and other vehicles.

## General Obligation Revenue Supported Bonds

The District has $\$ 285,000,000$ of general obligation revenue supported bonds outstanding paid from sales tax revenues. The District anticipates that the pledged revenues will be sufficient to repay the proposed sales tax bonds and that no ad valorem tax rate is anticipated to be necessary for the payment of the proposed sales tax bonds during the term of the proposed sales tax bonds. There are no other bonds outstanding paid from these revenues.

The following table demonstrates the ability of the Pledged Revenues to repay the sales tax revenue supported bonds.

Pledged Revenue and Coverage of Sales Tax Bonded Debt

## Proposed General Obligation Revenue Supported Bonds

The District received authorization in September 2018 from the Washoe County Debt Management Commission and the Department of Taxation to issue $\$ 300,000,000$ of general obligation revenue supported bonds. The District issued $\$ 85,000,000$ of that debt in December 2018. The District is seeking authorization for an additional $\$ 100,000,000$ of general obligation revenue supported bonds. It anticipates issuing $\$ 215,000,000$ of general obligation revenue supported debt in late 2019. The remainder of the authorized bonds is anticipated to be issued in fiscal year 2021.

## Proposed Bonds

## General Obligation Debt Limit

NRS 350.013 1.(c)(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit;

The District is limited by state statutes as to the amount of general obligation debt it can have outstanding. The limit is equal to 15 percent of the District's total assessed valuation. As of June 30, 2019, the District has $\$ 735,197,601$ of general obligation debt outstanding. Based on the fiscal year 2019 assessed value, including the redevelopment agencies, the District's available general obligation debt limit as of June 30, 2019 is approximately $\$ 1,860,264,450$. The District's available general obligation debt limit after issue of the District's proposed debt is $\$ 1,760,264,450$.

## General Obligation Debt Limit

Based on Fiscal Year 2019 Assessed Value

| Total Assessed Value | \$16,886,587,798 |
| :---: | :---: |
| Reno Redevelopment Agency \#1 | 106,543,855 |
| Reno Redevelopment Agency \#2 | 82,270,775 |
| Sparks Redevelopment Agency \#1 | 113,456,316 |
| Sparks Redevelopment Agency \#2 | 114,221,595 |
| Total Assessed Value | 17,303,080,339 |
| General Obligation Debt Limit (15\%) | 2,595,462,051 |
| Outstanding General Obligation Debt | 735,197,601 |
| Available General Obligation Debt Limit After Currently Outstanding GO Debt | 1,860,264,450 |
| Proposed and Authorized General Obligation Debt | 215,000,000 |
| Proposed but Unauthorized General Obligation Debt | 100,000,000 |
| Total Proposed General Obligation Debt | 315,000,000 |
| Available General Obligation Debt Limit After Outstanding and Proposed Debt | \$1,545,264,450 |

SOURCE Nevada Department of Taxation, the District; compiled by JNA Consulting Group, LLC
Other factors also limit the amount of debt the District can issue. These factors include, but are not limited to, overlapping tax rates, available revenues, bond market conditions and type of projects to be funded.

## General Obligation Debt Comparisons

NRS 350.013 1.(c)(3) A discussion of its general obligation debt that is payable from property taxes per capita as compared with such debt of other municipalities in this state;

NRS 350.013 1.(c)(4) A discussion of its general obligation debt that is payable from property taxes as a percentage of assessed valuation of all taxable property within the boundaries of the municipality;

The following table shows a comparison of the District's outstanding debt with other comparable school districts.

## Use of Debt Financing for Capital Facilities

Debt should be used to finance essential capital facilities, projects and certain equipment when it is costeffective and fiscally prudent. This Policy recognizes that the level of indebtedness incurred by the District represents a significant obligation of taxpayers; therefore, prior to the issuance of any debt or lease financing, the Chief Financial Officer shall consider various factors including compliance with all applicable laws, debt affordability and debt capacity requirements, the availability of other funding sources such as cash and the integration of debt within the overall capital planning efforts of the District.

Generally, the use of PAYGO financing of capital improvements is preferable over the issuance of debt, which carries interest costs, when sufficient cash reserves are available. However, there are times when preservation of cash is a justifiable reason for issuing debt. The use of long-term debt for new long-term facilities also provides for intergenerational equity, as future generations that use those facilities help to pay for the facility.

Prior to recommending the issuance of long-term debt to the Board of Trustees, the Chief Financial Officer with the District's financial advisor will analyze the use of PAYGO versus debt. In doing so, the Chief Financial Officer will consider the following factors:

- Level of cash reserves available to the District, both in the short-term and long-term based on projected revenues and capital improvement requirements of the District
- Rate of investment return on cash compared to long-term debt financing costs
- Debt affordability and debt capacity metrics
- Current capital market rates for long-term debt

## Method of Sale

NRS 350.013 1.(c)(5) Policy regarding the manner in which the municipality expects to sell its debt;
Bonds can generally be sold at a competitive sale, negotiated sale or be privately placed.
Competitive Sale - Offering documents are sent to any firm interested in purchasing the bonds. A day and time are chosen for the sale and bonds are awarded to the firm offering the lowest true interest cost on the bonds (the "TIC"). The TIC is the discount rate which results in a present value of the future debt service payments equal to amount bid for the bonds.

Negotiated Sale - One firm, or group of firms, is chosen in advance to offer the bonds for sale. At the time of sale, interest rates and other terms of the bonds are negotiated with the Underwriter.

Private Placement - A purchaser, usually an individual or bank, is identified and the bonds are placed directly. Interest rates and other terms of the bonds are negotiated with the purchaser.

NRS 350 generally requires bonds issued by the District to be sold at competitive sale. For most District general obligation bonds a competitive sale will usually result in the lowest TIC on the bonds. There are certain circumstances under which the District would consider a negotiated sale or private placement. Such circumstances include, but are not limited to:

1) Bonds issued with a variable rate of interest
2) Bonds rated below A- or not rated
3) Very small or very large bond issues
4) Unstable or highly volatile markets
5) Bonds with unusual security or structure

The District will follow the requirements of NRS 350.155 in choosing a method of sale for its bonds. If the District determines that a negotiated sale is warranted for a general obligation bond or a bond secured by an excise tax, it will distribute a request for proposal to underwriting firms. The selection of an underwriter(s) will be based on a determination of the firm that demonstrates its ability to obtain the overall best interest rate for District as required by NRS 355.175 and NRS 355.185. Consideration in making this determination will be given to the firm's experience with similar financings, proposed compensation structure and marketing plan.

## Operational Costs of Future Capital Projects

NRS 350.013 1.(c)(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d), if those costs and revenues are expected to affect the property tax rate.

The District has prepared a Capital Improvement Plan, which is attached as Appendix B. The operational costs for the District are paid from the General Fund which receives revenue from local and State sources. The tax rate for the support of school districts is set by statute at $\$ .75$. As such, any operational costs incurred by the District are not expected to affect the tax rate.

## Capital Improvement Plan

NRS 350.013 1.(d) Either:
(1) Its plan for capital improvement for the ensuing 5 fiscal years, which must include any contemplated issuance of general obligation debt during this period and the sources of money projected to be available to pay the debt; or
(2) A statement indicating that no changes are contemplated in its plan for capital improvement for the ensuing 5 fiscal years.

The District's Capital Improvement Plan (CIP) is included in Appendix B. The District currently utilizes four funding sources for capital projects - investment income, WC-1 Sales Tax revenues, Government Service Tax revenues and general obligation bond proceeds. These funds are generally used for major repairs, remodeling and additions to school facilities and new facility construction. Larger capital projects have traditionally been funded with voter approved general obligation bonds.

## Chief Financial Officer of the District

NRS 350.013 1.(e) A statement containing the name, title, mailing address and telephone number of the chief financial officer of the municipality.

The chief financial officer of the District is:

Mark Mathers<br>Chief Financial Officer<br>Washoe County School District<br>425 East $9^{\text {th }}$ Street<br>Reno, Nevada 89520-3425<br>775-348-0314<br>775-348-0335 fax
