

Audiology

Overview

We provide hearing testing for any Washoe County School District student, free of charge. The audiology department provides sound field and direct audio input equipment to support equal access of academics to students with a hearing loss according to their IEPs.

What assistance do we offer schools?

We provide a hearing test for an WCSD student, free of charge. The audiology department provides sound field and direct audio input equipment to support equal access of academics to students with a hearing loss according to their IEPs
