

4. Educational Plan: Attach a statement of the educational plan for the child, appropriate for the age and level of skill of the child as determined by the parent, in the subject areas of:

English: including reading, composition and writing
mathematics
science
social studies: including history, geography, economics, and government

An educational plan that contains these requirements must not be used in any manner as a basis for denial of a notice of intent to homeschool that is otherwise complete. The parent is not required to ensure that each subject is taught each year that the child is homeschooled.

5. If applicable, list the name of the most recently attended Nevada public school:

Name of School

Date

6. The parent has the option of signing the following statement to protect their privacy.

I expressly prohibit the release of any information contained in this document, including, without limitation, directory information as defined in 20 U.S.C. § 1232g(a)(5)(A), without my prior written consent. See U.S.C. § 1232g(a)(5)(B) and NRS 392.070

* School districts shall provide only this standard form.

Upon receipt of a Notice of Intent to Homeschool that complies with NRS 392.070, the school district shall provide to the parent who filed the notice a written acknowledgement which clearly indicates that the parent has provided the notice required by law and that the child is being homeschooled. The written acknowledgement shall be deemed proof of compliance with Nevada's compulsory attendance law and the school district shall retain a copy of the written acknowledgement for not less than 15 years.

The school district shall process a written request for a copy of records relating to a child who is or was homeschooled, or any information contained therein, not later than 5 days after receiving the request. Records may only be released to a person or entity if required by a specific statute, or upon suitable proof of identity of the parent (or the child if age 18 or older) that is making the request.

This form complies with the requirement of NRS 392.070 & NRS 388D.020.
