

Dear Students/Parents,

I would like to offer you and your students an additional opportunity to stay up-to-date with classroom announcements, assignments, and due dates. I will be sending reminders to you and your student by way of www.remind.com. Follow the directions I have attached to this letter and you will be able to receive notifications via email and/or text message. You will not be able to see my cell phone number and I will not be able to see yours or your child's number. No one will be able to reply to these messages.

When you follow the directions for text messaging, you will receive a reply from Remind asking for your full name and then you will be added to my subscriber list.

When you follow the directions for email, you will automatically be added to my subscriber list.

This is a great way for me to send messages reminding students/parents about homework assignments, school activities, test reminders and other important announcements.

You will not receive messages until you are subscribed to my messages and you can opt out at any time. I encourage everyone to participate and keep an open line of communication between home and school.

*Standard text messaging rates will apply.

Sincerely,

Mr. Lee

8thGrade Science Teacher
