

Algebra Lessons for November 4-8

****If you are absent, you MUST make-up the classwork as well as the homework.**

Monday Nov. 04 1,6	<u>Agenda: Lesson 4-3 Systems of Equations by Elimination</u> 1. Warm-up: Get your assigned computer and watch the 3 videos on my YouTube channel on Solving Systems by Elimination. Take notes. 2. Complete #19-21, 24, 26, 30-31 p. 162. 3. If there is time, complete the word problems that are on the back of the substitution method sheet. Solve the word problem systems using the Elimination Method.	Due Next Class: #19-21, 24, 26, 30-31 p. 162
Tuesday Nov. 05 1 Wednesday Nov. 06 6	Tuesday, no school Wednesday, period 6 Elimination method activities 1. Begin: In Team Shake groups (6 groups total), complete the Solving Systems by Elimination task card activity.	Due Next Class:
Wednesday Nov. 06 1 Thursday Nov. 07 6	<u>Agenda: Lesson 4-3 Systems of Equations - Elimination</u> 1. Questions from #19-21, 24, 26, 30-31 p. 162? 2. In Team Shake groups (6 groups total), complete the Solving Systems by Elimination task card activity. 3. If you finish with everything and still have time left in class, go onto Khan Academy through Clever and my teacher page and continue quizzing yourself on the Algebra 1 curriculum. If you do not pass a quiz, stop there and do those lessons.	Due Next Class: None.
Friday Nov. 08 1,6	<u>Agenda: Lesson 4-3 Systems of Equations - Elimination</u> 1. In Team Shake groups (6 groups total), complete the Solving Systems by Elimination task card activity. 2. Elimination Method Error Cards: Make sure you get a piece of paper and make 3 columns: Card Number, Description of Error, Worked-out Problem 3. If you finish with everything and still have time left in class, go onto Khan Academy through Clever and my teacher page and continue quizzing yourself on the Algebra 1 curriculum. If you do not pass a quiz, stop there and do those lessons.	Due Next Class: None.
