**If you are absent, you MUST <u>make-up the classwork as well as the homework.</u>

Monday
Oct. 03
 	
12345
	Classwork: Lesson 2-4 (Add/Subtract Scientific Notation)
	• **Warm-up**: Write in Scientific Notation
	   24, 562, 000, 000, 000
	• Questions from p. 43 and p. 49?
	• Notes on how to add and subtract scientific notation.
	• **(Guided note page in the resources folder in the Files tab on Teams OR in the Math Resources section on my website.)**
	   www.washoeschools.net/cwhitham
	• Guided Practice p. 54 #1-4 only.
	• Begin working on the Addition and Subtraction with Scientific Notation sheet.
		Homework:
		
		Complete the Addition and Subtraction with Scientific Notation sheet.
		
		Last week's late/missing work due by this Friday.

Tuesday
Oct. 04
 	
12345
	Classwork: Lesson 2-4 (Multiply/Divide Scientific Notation)
	• **Warm-up**: Write in standard form
	   5.79×10^{-9}
	• Questions from the Addition and Subtraction with Scientific Notation sheet?
	• Notes on how to multiply and divide scientific notation and how to write in calculator notation.
	• **(Guided note page in the resources folder in the Files tab on Teams OR in the Math Resources section on my website.)**
	   www.washoeschools.net/cwhitham
	• Guided Practice p. 54 #5-14.
	• Begin working on the Operations with Scientific Notation sheet.
		Homework:
		
		Complete the Operations with Scientific Notation sheet.

Wednesday Oct. 05 **12** Thursday Oct. 06 **345**	**Classwork: Lesson 2-4** • **Warm-up: What do you need to do when the decimal in scientific notation operations comes out to be greater than 1-9? What do you need to do when it comes out to be less than 1?** • Questions from the Operations with Scientific Notation sheet? • Begin working on pp. 55-56 #16-27.	**Homework:** Complete pp. 55-56 #16-27. **Retakes on all 3 tests will be this Friday. You can take one, a few, all, or none. Your choice.** **If you already took the first test's retake, you cannot take it a second time.**
Friday Oct. 07 **12345**	**Classwork: Retakes, catch-up, Math games** • Complete your retake(s). • Catch-up on any assignments that are late or missing. • **Math Games: Battleship**	**Homework:** Complete any make-up work from this week.
