

PHONES AWAY AND LEARN TODAY!

IT'S NO SECRET THAT PHONES HAVE BECOME A PROBLEM

● HERE'S HOW WE WANT TO MAKE PHONES LESS OF A DISTRACTION

We have come up with a way to make phones less of a distraction by having students simply put their phones away, but still be visible, so the phone will no longer be a distraction and still be there in case of emergency.

● SO JOIN PHONES AWAY AND LEARN TODAY

Because we care about your child's education and make it our biggest priority, we are providing a way to keep phones away and lessen distractions in the classroom.

**Spread the message and tell your friends to
keep phones away and learn today!**
