

Community Project Review Application and Process

Introduction:

This committee provides a forum for members of the community to share information about a project that may benefit the Washoe County School District students and/or staff.

The committee consists of Washoe County School District staff and community members.

This process will provide feedback, assess the costs, risks, and benefits to the school district, and identify the internal supports necessary to ensure the success of a proposal.

Process:

- Complete and submit the Community Project Review form to communications@washoeschools.net.
- The committee will review your submission. Depending on the scope of the project, the committee may review and act on your proposal based on your written submission.
- The committee may invite you to a meeting to discuss the project in further detail, evaluate the project, and will notify you of its decision within 1 week following the meeting.

Evaluation:

- Alignment with the Washoe County School District's strategic plan – Envision WCSD 2015 – Investing In Our Future
- Ability to support an existing Washoe County School District program
- Ability to be financially neutral or beneficial to the Washoe County School District
- The Washoe County School District's ability to support the proposal
- Liability exposure
- Any other criteria relevant to the project
