

Are you interested in becoming a Teacher Leader at your school site or within the District?

If so, you are invited to attend an informational meeting to learn more about the WCSD Teacher Leadership Pool. The pool is open to candidates who want to remain in the classroom and extend their reach or those looking to apply for a Teacher on Special Assignment position. The optional informational meetings are open to all certified staff and school leaders who want to learn more about the Teacher Leadership Pool.

We'll cover topics such as:

- What is the Teacher Leadership Pool?
- Who are Teacher Leaders?
- What are the steps in the application process?
- What are the screening and interviewing timelines?
- Are there tips for applications and interviews?
