Good Evening Brown Families,

Thank you for your patience as we work through preparing to come back to school with safety protocols and ensuring everyone staying healthy and learning in the safest environment we can provide. I have some very important information to share with you today.

The district has stated that absolutely NO parent volunteers, no adults in the building that are not a WCSD employee at this time. I'll alert you when this changes. You will be able to come into the single point of entry area, one person at a time, to speak to office staff.

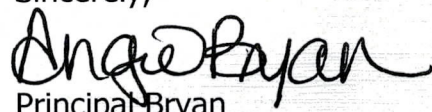

Only one adult is allowed in our single point of entry area at a time. Please plan to wait outside, 6 feet away from others, for your turn to come into the Single Point of Entry.

The first information provided regarding choosing between back to the building learning or distance learning was that parents could change their mind and go from distance learning to in person and vice versa. However, in order to accommodate all parents choices and ensuring all students have a consistent teacher assigned to them by August 17th, I need everyone to stay with the choice you made for your students for the entire quarter. I will make adjustments for students who become ill, but otherwise all students will stay on distance learning or in building status until the end of each quarter. At the end of each quarter, if you choose to make a switch, that will be the time to switch. This means that if you pick distance learning, your student will be on the distance learning model the entire first 8 weeks of school and the same applies for in building learning as well.

After reading this more detailed information on what in building and distance learning looks like at Brown, you have until 5 pm this Friday, August 7th to email me if you plan on changing your choice that you have already made. Thank you for understanding as I do my best to ensure all students are equitably distributed to the teachers.

Please see the attached Brown School COVID19 Schedule/Rules information for both in the building learning and distance learning.

Sincerely,

Principal Bryan
