

Good Evening Brown Families,

I know that everything is truly different this summer as we try to head into our new 20/21 school year. Our school board met this week and approved going back to school in the fall, starting a week later for 1st Grade through 5th Grade on August 17th, which would put Kindergarten assessments that week, and Kindergarten students starting on August 24th. This new plan has to be approved by the state. Once approved by the state, our district will be able to move forward with new procedures and protocols.

I realize that you all have a lot of questions regarding what 'going back to school' will look like. Trust me when I say that we are all wondering and I am working on a putting a plan in place that will ensure everyone is safe and more importantly coming to school to learn.

As soon as I have more guidance, and a plan of action of how the schedule, lunch, recess, etc. will look, I will send out the information and the different options that will be available for you and your family. At that point, you will be able to make an educated, informed decision regarding what the 20/21 school year will look like for you and your family.

Sincerely,

Principal Bryan
