

NEIGHBORHOOD SCAVENGER HUNT

This week for P.E. I thought we could all lean into the daily walks and make them even more fun! This scavenger hunt seems pretty easy, but you can make it challenging by splitting up your family into teams, drawing what you find, or taking a picture with everything. Find something really cool or unique? Post it on the Brown Facebook page! Take a quick picture with your phone of this list or print it out before you head on your walk. I attached some cool things I found when I went on the scavenger hunt. Let's exercise our body and our brain!

My dog found a pinecone and her very own treasure in the bushes.
