FERPA and Part B of IDEA Confidentiality Provisions

OR

FERPA as it relates to IDEA and Students with Disabilities

Individuals with Disabilities Education Act (IDEA)

- Statute: 20 U.S.C. §1401 and §§1411-1419
- Regulations: 34 CFR Part 300

Part B of the Individuals with Disabilities Education Act (IDEA)

- §300.610 Confidentiality of Information
- “The Secretary takes appropriate action, in accordance with section 444 of GEPA [FERPA], to ensure the protection of the confidentiality of any personally identifiable data, information, and records collected or maintained by the Secretary and by SEAs and LEAs pursuant to Part B of the Act, and consistent with §§300.611 through 300.627.”

§300.625 of IDEA “Children’s rights”

If the rights accorded to parents under Part B are transferred to a student who reaches the age of majority, consistent with §300.520, the rights regarding education records in §§300.613 through 300.624 must also be transferred to the student. However, the public agency must provide any notice required under section 615 of the IDEA to the student and the parents. (§300.625(c)).

Educations Records under IDEA and FERPA

Reminder: Educational records are those that are directly related to the student and maintained.

- Records maintained by an educational agency or institution, or by a party acting for the educational agency or institution, that are subject to FERPA on students with disabilities receiving services under Part B of IDEA are “education records” subject to FERPA.
- Just like with FERPA, an agency under IDEA may presume that the parent has authority to inspect and review records relating to his or her child unless the agency has been advised that the parent does not have the authority under applicable State law governing such matters as guardianship, separation, and divorce (§300.613(c)).

Record Maintenance

- The school district is required to maintain each IEP folder and ensure that all educational record is securely maintained. In the WCSD, the file of record is located electronically in OnBase.

Therefore, it is mandatory that all educational records are scanned and/or uploaded into the electronic file. Scanning and/or uploading the educational record must be done in a timely fashion, optimum immediately following any IEP or related meeting. All data collected towards progress towards goals and objectives is also an educational record and must be maintained in the electronic file. The expectation is that these records would be scanned and/or uploaded minimally once a month.

Inspection & Review of Education Records

- §300.613 of the IDEA regulations requires each participating agency to comply with a request to inspect and review any education records relating to their children that are collected, maintained, or used by the agency under part 300 without unnecessary delay and **before** any meeting regarding an IEP, or any hearing pursuant to §300.507 (due process complaint regarding identification, evaluation, or educational placement or provision of a free appropriate public education to the child) or §§300.530 through 300.532 (discipline procedures), or resolution session pursuant to §300.510, and in no case more than 45 days after the request has been made.

Charging Fee for Copies

§99.11 of FERPA and §300.617 of the IDEA regulations states that an educational agency or institution may charge a fee for copies of education records, unless imposing a fee would effectively prevent a parent or eligible student from exercising his or her rights to inspect and review education records.

Limitations on Right to Inspect and Review

§99.12 of FERPA and §300.615 of the IDEA regulations state that if records contain information on more than one student, the parent has the right to inspect, review, or be informed of only the specific information about his or her child's education records.

Amending Education Records under IDEA

§§300.618-300.621 of the IDEA regulations govern the amendment of education records and reflect the FERPA requirements.

§300.621 states that a hearing held under §300.619 must be conducted according to the procedures in §99.22 of the FERPA regulations.

Consent for Disclosures under IDEA

- §300.622 of the IDEA regulations requires
 - Parental consent before PII is disclosed to parties, other than officials of participating agencies in accordance with paragraph (b)(1) of §300.622, unless the information is contained in education records and the disclosure is authorized without parental consent under FERPA;
 - Parental consent, or consent of eligible child who has reached age of majority under State law, must be obtained before PII is disclosed to officials providing or paying for transition services in accordance with §300.321(b)(3); and
 - Parental consent must be obtained before any PII about the child is released between officials of the LEA where the private school is located and officials of the LEA of the parents' residence if the child is enrolled or is going to enroll in a private school that is not located in the LEA of the parent's residence.

Destruction of Information is VERY DIFFERENT under IDEA

- §300.624 of the IDEA regulations requires a public agency to inform parents when PII that is collected, maintained, or used under the IDEA is no longer needed to provide educational services to the child.
- Under the IDEA, information must be destroyed at the request of the parents, but certain information, such as directory information, may be maintained without time limitation.

Record of Access for both FERPA and IDEA

- §99.32 of FERPA contains recordkeeping requirements for both schools and SEAs.
 - Record of disclosure must be maintained as long as record is maintained;
 - Include parties who requested or received information; and
 - Include legitimate interest the parties had in receiving information.
- §300.614 of the IDEA regulations contains recordkeeping requirements for participating agencies.
 - Keep a record of parties obtaining access to education records collected, maintained, or used under Part B of IDEA (except access by parents and authorized employees);

EMPLOYEE RIGHTS AND RESPONSIBILITIES

The Nevada Occupational Safety and Health Act was created to allow you to do your job in a safe and healthy workplace. But it is up to you to make sure that job safety works. Here are some tips to help you stay safe on the job.

Know and follow all safety rules set by:

- + Your employer
- + The Nevada Occupational Safety and Health Act
- + State of Nevada Occupational and Health Administration (NVOSHA)

You can get copies of all Nevada safety and health standards from the Safety Consultation and Training Section of the Division of Industrial Relations or on the web at www.4safenv.state.nv.us. Also, your employer may be required to have a written workplace safety program.

If your employer requires personal protective equipment, such as hard hats, safety shoes, safety glasses, respirators, or hearing protection, you are responsible to wear and/or use the equipment.

If you do not know how to safely use tools, equipment or machinery, be sure to ask your supervisor.

If you see something that’s unsafe, report it to your supervisor. That’s part of your job. Give your employer a chance to fix the problem. If you think the unsafe condition still exists, it is your right to file a complaint with NVOSHA. The Division will not give your name to your employer.

There are laws that protect you if you are punished for filing a safety and health complaint. If you feel you have been treated unfairly for making a safety and health complaint, you have 30 days from the date of the punishment to file a discrimination complaint with NVOSHA.

Whistle Blower Hotline – (702) 486-9097

Most on-the-job injuries are covered by Workers’ Compensation Insurance. From cuts and bruises to serious accidents, coverage begins the first minute you’re on the job.

It is your responsibility to report any on-the-job injury or occupational disease immediately to your supervisor or foreman using the “Notice of Injury or Occupational Disease” C-1 Form. You have 7 days from the date of injury or knowledge of the occupational disease to turn in the completed C-1 Form to your employer. If you seek medical treatment for a work-related injury you must complete a “Claim for Compensation” C-4 Form at the emergency room or medical provider’s office to initiate a claim for workers compensation.

But remember, filing a false claim will result not only in a loss of benefits, but could mean costly fines and/or jail time.

If there is a dangerous situation at work and an employee, with no reasonable alternative, refuses in good faith to expose themselves to a dangerous condition, they would be protected from subsequent retaliation. The condition must be of such a nature that a reasonable person would conclude that there is a real danger of death or serious harm and that there is not enough time to contact NVOSHA and for NVOSHA to inspect. Where possible, the employee must have also sought from the employer, and been unable to obtain, a correction of the condition.

During a NVOSHA inspection, you have the right to talk privately with the inspector and take part in meetings with the inspector before and after the inspection. You are encouraged to point out hazards, describe injuries and illnesses from these hazards, discuss past worker complaints and inform the inspector of working conditions that are not normal during the inspection. If after the inspection citations are proposed to the employer, the employer is required to post the citations where employees can see them.

EMPLOYER RIGHTS AND RESPONSIBILITIES

The Safety Consultation and Training Section (SCATS) was created to assist employers in complying with Nevada laws which govern occupational safety and health. They are available to provide a workplace hazard assessment. This service can assist employers in minimizing on-the-job hazards, and is provided at no charge. The Division also offers no cost safety training and informational programs for Nevada employers.

A Nevada employer with 11 or more employees must establish a written workplace safety program. A safety committee is required if you have more than 25 employees or if an employer’s employees are engaged in the manufacturing of explosives.

You must maintain a workplace that is free from unsafe conditions.

As an employer you are responsible for complying with all Nevada safety and health standards and regulations found in the:

- + Nevada Occupational Safety and Health Act
- + Occupational Safety and Health Standards and Regulations

Copies of all occupational safety and health standards and regulations are available from the Division of Industrial Relations (SCATS and NVOSHA) or on the web at www.4safenv.state.nv.us.

You are also responsible for ensuring that your employees comply with these same rules, standards and regulations. You must select someone to administer and enforce occupational safety and health programs in your workplace.

Before assigning an employee to a job, you must provide proper training in a language and format that is understandable to each employee:

- + Safe use of equipment and machinery
- + Personal protective gear
- + Hazard recognition
- + Emergency procedures
- + Hazardous chemicals and substances found at the jobsite or in the workplace

You must also inform all employees of the safety rules, regulations and standards which apply to their respective duties.

It is your responsibility to maintain accurate accident, injury and safety records and reports. These files must be made available, upon request, to the affected employee and representatives of NVOSHA.

The Nevada Safety and Health Poster, provided by the Division of Industrial Relations, must be posted in a prominent place on the job site.

Any accident or motor vehicle crash occurring in the course of employment which results in the inpatient hospitalization of one or more employees, the amputation of a part of an employee’s body or an employee’s loss of an eye must be reported by the employer orally to the nearest office of NV OSHA within 24 hours after the time that the accident or crash is reported to any agent or employee of the employer.

Any accident or motor vehicle crash occurring in the course of employment which is fatal to one or more employees must be reported by the employer orally to the nearest office of NV OSHA within 8 hours after the time that the accident or crash is reported to any agent or employee of the employer.

Nevada employers are required to secure and maintain workers’ compensation insurance unless excluded by Nevada Revised Statute (NRS). There are few exceptions to this requirement. In the event of an injury or at the onset of an occupational disease, the employer must provide the C-1 Form, “Notice of Injury or Occupational Disease - Incident Report” to the injured worker. The employer is also responsible for filing an “Employer’s Report of Injury” (C-3 Form) within six working days with your insurer after the receipt of a “Claim for Compensation” (C-4 Form) from a physician or chiropractor.

Additional employer responsibilities:

- + Perform tests such as air sampling and noise monitoring.
- + Prevent employee exposure to harmful substances to include chemicals, lead, asbestos, and sharps.
- + Provide hearing exams, medical testing, fall protection, machine guarding, cave-in and confined space safety equipment and protection, respirators, personal protective equipment, etc., as required by NVOSHA and OSHA standards.

The law requires that employers shall provide newly-hired employees with a copy of this document or with a video setting forth the rights and responsibilities of employers and employees to promote safety in the workplace.

Employers shall keep a signed copy of the attached receipt in the employee’s personnel file to show he or she has been made aware of these rights and responsibilities.

Administrative Regulation 4430 SEXUAL HARASSMENT AND MISCONDUCT BY STAFF

Responsible Office: Office of the General Counsel

PURPOSE

This administrative regulation describes and establishes the prohibition against sexual harassment and sexual misconduct by staff in the Washoe County School District (District).

REGULATION

1. In accordance with Board Policy 9201, Bullying, Harassment and Discrimination Prohibited, as well as state and federal laws and regulations, the District prohibits sexual harassment by staff and volunteers in its educational programs/activities and employment on the basis of sex, sexual orientation, and/or gender identity or expression.
2. Sexual harassment occurs when:
 - a. Submitting to the harasser's sexual demands is a stated or implied condition of obtaining an education or work opportunity or other benefit;
 - b. Submission to or rejection of sexual demands is a factor in an academic, work or other school-related decision affecting an individual; or
 - c. Unwelcome sexual or gender-directed conduct or communication interferes with an individual's performance or creates an intimidating, hostile or offensive environment.
3. Scope
 - a. For the purposes of this administrative regulation:
 - i. The term "sexual harassment" encompasses behaviors to include sexual misconduct, sexual violence and/or abuse, sexually exploitative behavior, and gender based discrimination. Use of the term "sexual harassment" in this document indicates any or all of those behaviors unless otherwise noted.
 - ii. Use of the word "staff" refers to all District employees and volunteers, which may include but is not limited to unpaid coaches, chaperones and advisors, student teachers, and 3rd party consultants and/or vendors.

- b. This administrative regulation specifically addresses sexual harassment by a staff member on another staff member or student. Sexual harassment can occur as adult-to-adult, student to adult, student-to-student, male to female, female to male, male to male, and female to female.
- c. The District will take prompt, equitable and remedial action within its authority on reports and complaints alleging sexual harassment that come to the attention of the District, either formally or informally. Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services.
- d. Persons found to have been subjected to sexual harassment will have appropriate District services made reasonably available to them and adverse consequences of the harassment shall be reviewed and remedied, as appropriate.
- e. Nothing contained herein should be construed or interpreted to prohibit or in any way to discourage the genuine discussion of issues or use of materials for legitimate academic, educational, or instructional purposes.

4. Consent

- a. Consent refers to a freely and affirmatively communicated willingness to participate in particular sexual activity or behavior, expressed either by words or clear, unmistakable actions.
- b. In accordance with Nevada state law, no student, regardless of his/her age, can legally consent to any form of sexual conduct with a staff member. Any such conduct by a staff member or volunteer shall result in disciplinary action up to and potentially including termination of employment or the volunteer opportunity and a criminal investigation. Sexual conduct includes, but is not necessarily limited to, sexual advances, requests for sexual favors and other verbal, nonverbal, or physical conduct of a sexual nature or with sexual implications. Nonverbal conduct may include contact through social media, to include texting.

5. Prohibited Conduct

- a. Quid Pro Quo Harassment
 - i. For students, quid pro quo sexual harassment occurs when a staff member causes a student to believe that he/she must submit to sexual conduct, sexual advances, or grant sexual favors or that acceptance or rejection of such conduct or communications will be

used as a factor in decisions affecting the student's education or participation in programs/activities.

- ii. For staff or potential staff quid pro quo harassment occurs when a supervisor makes unwelcome sexual advances or requests sexual favors and the staff member reasonably believes that submitting to that conduct or communication is a condition of obtaining employment or that accepting or rejecting that conduct or communication will be used as a factor in employment decisions.

b. Hostile Environment

- i. For students, hostile environment sexual harassment means unwelcome conduct of a sexual nature that is sufficiently serious that it interferes with, limits, or denies a student the opportunity to participate in or benefit from an education program or activity.
- ii. For employees, a hostile work environment is created when unwelcome conduct of a sexual nature is sufficiently serious that it interferes with, denies, or limits the employee's work performance or work environment.

c. Soliciting a Romantic Relationship with a Student

- i. Staff and volunteers are prohibited from soliciting a romantic, intimate, or sexual relationship with a current District student or a graduate of a school within the District for one (1) year after the student's graduation, regardless of the student's age.
- ii. "Solicitation of a romantic relationship" means deliberate or repeated acts that can be reasonably interpreted as the solicitation by a staff member or volunteer of a relationship with a student that is romantic in nature even if such romantic relationship doesn't begin until after the student has graduated. Evidence of such solicitation includes but is not limited to the following:
 - 1. Behavior, gestures, expressions, or communications with a student that are unrelated to the staff member's job duties and evidence a romantic intent or interest in the student.
 - 2. Making inappropriate comments about a student's body, creating or transmitting sexually suggestive photographs or images, or encouraging the student to transmit sexually suggestive photographs or images.
 - 3. Making sexually demeaning comments to a student.

4. Making comments about a student's potential sexual performance.
5. Requesting details of a student's sexual history.
6. Inappropriate hugging, kissing or excessive touching.

- c. Staff

Sexual harassment or misconduct directed at a staff member may be reported to the staff member's first level supervisor who is not involved in the alleged harassment; the District's Civil Rights Compliance Director / Title IX Coordinator; the Department of Labor Relations; or a school police or local law enforcement officer.
 - ii. Staff complaints may also be filed with the Nevada Equal Rights Commission (NERC) or the U.S. Equal Employment Opportunity Commission (EEOC).
- d. For detailed information regarding complaint and resolution procedures, see:

- i. Administrative Regulation 4520, Staff Complaint Process: Harassment, Sexual Harassment and Intimidation

7. General

- a. Notice of this regulation and complaint procedures shall be posted in prominent locations, to include the District's website and staff handbooks.
- b. It is unlawful for any person to intimidate, threaten, coerce, or discriminate against another person for the purpose of interfering with his/her right to file a report or complaint under this regulation. Retaliation against any person who has filed a complaint, provided evidence and/or testimony, assisted or participated in any manner in an investigation, proceeding or hearing conducted by an authorized District representative(s) is prohibited.
- c. The District shall provide regular training about harassment, sexual harassment and intimidation for employees.

DEFINITIONS

- 1. Consent is affirmative, conscious, voluntary, and revocable. Consent to sexual activity requires of both persons an affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person to ensure they have the affirmative consent of the other to engage in the sexual activity. Lack of protest, lack of resistance, or silence, do not alone constitute consent. Affirmative consent must be ongoing and can be revoked at any time during sexual activity. The existence of a dating relationship or past sexual relations between the persons involved should never by itself be assumed to be an indicator of consent (nor will subsequent sexual relations or dating relationship alone suffice as evidence of consent to prior conduct).
- 2. Sexual Harassment is generally defined as deliberate, unsolicited and unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal or physical conduct of a sexual or gender-directed nature or with sexual implications, or unwelcome conduct based on sex or sexual stereotyping that is sufficiently severe, persistent or pervasive that it:
 - a. Has or may have direct employment consequences resulting from the acceptance or rejection of such conduct;
 - b. Has or may have direct enrollment, grading or academic consequences resulting from the acceptance or rejection of such conduct;

- c. Creates an intimidating, hostile, or offensive work or learning environment; and/or interferes with an employee's work performance or student's academic performance;
 - d. Denies or limits a student's ability to participate in and/or benefit from a school program.
 - e. Examples of potential sexual harassment include, but are not limited to:
 - i. Sexual assault, coerced intercourse, threats or verbal abuse of a sexual nature, or other actual or attempted unwanted physical touching, to include fondling, rubbing, patting, and pinching;
 - ii. Conduct or communication that has the purpose or effect of substantially or unreasonably interfering with an individual's education or employment; or of creating an intimidating, hostile or offensive learning or working environment;
 - iii. Sexual advances which are insistent and unwelcome. This may include situations which began as reciprocal, but later ceased to be reciprocal;
 - iv. Sexually suggestive text messages, emails, social media postings, letters, notes, threats, or invitations;
 - v. Submission is made either explicitly or implicitly a term or condition of an individual's employment
 - vi. Displaying of sexually suggestive, offensive and unwelcome posters, drawings, objects, pictures, or cartoons;
 - vii. Offensive and unwelcome sexual gestures, verbal abuse, sexually-oriented jokes, stories, rumors, innuendo, teasing, ogling, or obscenities; and
 - viii. Any other physical, verbal or visual conduct that has the purpose or effect of unreasonably interfering with the individual's work or academic performance or creating an intimidating, hostile or offensive work or learning environment.
3. Sexual misconduct encompasses any unwelcome behavior of a sexual nature that is committed by force. Force includes:
- a. Physical force – intentional physical restraint or restricting or controlling the movement of another person with or without the presence of a weapon;

- b. Threats – any threat (to include threat of a negative consequence) that causes someone to do something they would not have done absent the threat.
 - c. Intimidation – use of power or authority to influence someone else (quid pro quo or “this for that”).
 - d. Coercion - an unreasonable amount of pressure to engage in sexual activity. Coercion begins not when the sexual advance is made, but when it is realized the individual does not want to be convinced, and the offender pushes past that point. Frequency, intensity, isolation and/or duration can enhance the coercive effect.
 - e. Sexual misconduct can occur between persons of the same or different genders.
4. Discrimination is the distinguishing treatment of an individual based on their actual or perceived membership in a certain group or category, in a way that explicitly or implicitly affects an individual's employment, prevents or denies equal access to programs or benefits; unreasonably interferes with an individual's work performance; or creates an intimidating, hostile or offensive educational or work environment.
5. Retaliation is adverse action (e.g. payback, retribution, revenge) taken against an individual for engaging in legally protected activity such as making a complaint of harassment or participating in workplace or school site investigations.

BOARD POLICY 4500

STAFF FREEDOM OF SPEECH and FREEDOM OF EXPRESSION

PURPOSE

The Board of Trustees ("Board") supports the constitutionally guaranteed right to freedom of speech and freedom of expression for all members of the Washoe County School District ("District" or WCSD") community. As schools are a natural venue for a wide variety of expression, the District seeks to strike a balance between encouraging and promoting individual expression and ensuring such activities do not interfere with the District's educational mission or the rights of others. This policy, and any associated documents, addresses those ideals by creating guidelines related to the rights and responsibilities of District staff.

POLICY

1. Guiding Principles

- a. The District seeks to ensure the rights of District staff are protected with respect to the exercise of free speech and free expression. Those rights, although not absolute, are addressed in the United States Constitution and the Nevada State Constitution.
 - i. "Congress shall make no law...abridging the freedom of speech, or of the press; or the right of people peaceably to assembly, and to petition the government for a redress of grievances." (First Amendment to the U.S. Constitution)
 - ii. "Every citizen may freely speak, write and publish his sentiments on all subjects being responsible for the abuse of that right; and no law shall be passed to restrain or abridge the liberty of speech or of the press." (Article 1, Section 9 of the Constitution of the State of Nevada)
- b. When a District staff member makes statements pursuant to his/her official duties, the employee is not speaking as a private citizen regarding a public concern and, therefore, such speech is not protected speech for First Amendment purposes.

- c. Staff freedom of speech and/or freedom of expression may not be used to engage in harassment, sexual harassment, discrimination, or the intimidation of another person.
- d. Freedom of speech refers to a person's right to express his/her ideas. Freedom of expression refers to an act of seeking, receiving or imparting information or ideas, regardless of the medium used. The terms include, but are not limited to, the spoken word, clothing, gestures, images and video, and posts to social media.
- e. The District encourages the genuine discussion of issues or use of materials for legitimate academic, educational, or instructional purposes.
- f. Staff are encouraged to use appropriate internal channels regarding supervisory or administrative concerns.
 - i. The District recognizes the powerful impact of communication through social media. The participation in and sharing of information by staff through social media can be a beneficial tool to faculty and their students. When used responsibly and safely, the use of social media may be incorporated into the educational environment to support traditional instruction.

2. Guiding Practices

- a. District employees do not "shed their constitutional rights to freedom of speech or expression at the schoolhouse gate."¹ However, an employee does not have an absolute constitutional right to use a District building, to include a school or classroom, for unlimited speech or expression purposes.
- b. Appropriate and allowable staff speech or expression may include distributing literature, displaying signs, petitioning for change, and disseminating information concerning issues of public concern outside of work hours. However, these activities are also governed by procedures established by Board policy such as distribution of materials to students or political activity at school. Refer to the appropriate policy, regulation or procedure for additional information.
- c. The District may take action, to include discipline, within the confines of due process and the employee negotiated agreements as applicable, when a staff member, through speech or expression, causes a substantial disruption to the operation of the District. The District may limit or prohibit

¹ *Tinker v. Des Moines Independent Community School District*

speech and/or expression by a staff member if the District can demonstrate reasonable cause that:

- i. It materially and substantially interferes with school activities; the staff member's ability to perform assigned duties; or the rights of other staff or students;
 - ii. The speech/expression does or could create substantial interference to the educational mission of the District;
 - iii. The speech/expression violates a District policy or regulation or a state or federal law or regulation; or
 - iv. The speech/expression challenges a supervisor or other staff by undermining his/her authority, resulting in insubordination, or creating a hostile environment. Generally, a hostile work environment exists when an employee experiences workplace harassment and fears going to work because of the offensive, intimidating, or oppressive atmosphere generated by the harasser. Staff are encouraged to use appropriate internal channels regarding supervisory or administrative concerns. In such cases, the District shall initiate an unbiased investigation into any such allegations. See Administrative Regulation 4425, Staff Complaint Process: Harassment, Sexual Harassment and Intimidation.
- d. Personal Views and Opinions. Staff members have the right to speak out on matters of public interest or of a public nature and generally cannot be disciplined or suffer negative consequences for such speech or expression. However, District employees are not always free to express their personal opinions and beliefs. When a staff member goes public with strictly personal concerns or engages in unprotected speech which includes statements that are defamatory or cause a substantial disruption to the operation of the District or of a school, the District may take appropriate action.
- e. Social Media. Staff shall be held to the same professional standards in his/her use of social media as for any other public conduct.
- f. Academic Freedom. Academic freedom includes the right of teachers to speak about a subject in the curriculum, raise questions and select appropriate teacher materials and methods. Staff should consider the age and maturity of students when engaging in discussion of topics that are of public interest, in the news, or outside the curriculum. Staff do not have an absolute right to academic freedom and the District retains control of the curriculum, both what is taught and how it is taught.

- g. Publications. The District retains the right to exercise control over publications and activities that appear to represent the District, a school and/or its students. The District/school may limit controversial subjects if the District/school is sponsoring the speech, such as with school newsletters or student publications, if the content would substantially disrupt the ability of the District/school to perform its educational mission or is used to engage in bullying, cyber-bullying, or the intimidation of another person.
 - i. District staff acting as an advisor for a student publication shall be protected from discipline, to include dismissal, suspension, or retaliation, when he/she acts to take responsible and appropriate action to protect a student engaged in protected free speech or expression related to the student publication.
- h. Religion.
 - i. Staff have the right to sincerely held theistic and non-theistic, ethical and moral beliefs and practices. The District shall provide staff with appropriate religious accommodations to the extent possible and in a manner that does not disrupt or interfere with the duties of the employee or other employees, student instruction, or activities of the school or workplace.
 - ii. The District shall not seek to restrict or ban the wearing of religious clothing, with the exception of unprotected speech.
- i. Patriotic Observances. The District shall encourage staff to express patriotism for the United States by reciting the Pledge of Allegiance, historical documents or singing official anthems. All staff shall behave in a respectful manner during such observances.

DEFINITIONS

- 1. Unprotected speech may include, but is not limited to:
 - a. obscenity, fighting words, fraudulent misrepresentation, defamation (includes libel and slander), child pornography, perjury, blackmail, incitement to imminent lawless action, true threats, solicitations to commit crimes, and speech which is vulgar or profane.
 - b. any article of clothing or apparel which displays obscene words, pictures, or designs;
 - c. speech which is sexually suggestive, or has a pro-alcohol, tobacco and/or controlled or illegal substances message;
 - d. clothing or items that symbolize gang-related behavior;

- e. speech which does not comply with the District's policies and regulations, interferes with the educational process, and/or poses a threat to the safety of students or other individuals.
- 2. "Social media" includes web-based, interactive communication between individuals, organizations, or communities, which includes but is not limited to web logs (e.g. blogs, electronic forums such as chat rooms, video-sharing websites (e.g. YouTube, Vimeo), editorial comments posted on the internet, and social networking sites including, but not limited to Facebook, Twitter, Google+, Instagram, LinkedIn, Wikispace, and Edmodo.

DESIRED OUTCOMES

- 1. Through this policy, the Board of Trustees encourages:
 - a. Diverse points of view and free inquiry;
 - b. A respectful learning and working environment free from harassing or discriminatory speech or expression.

IMPLEMENTATION GUIDELINES & ASSOCIATED DOCUMENTS

- 1. This policy reflects the goals of the District's Strategic Plan and aligns/complies with the following governing documents of the District, to include:

If there is no written complaint, the administrator/supervisor will file a report, which will serve as the complaint for purposes of the investigation.

- d. If the complaint is not filed with the appropriate administrator/supervisor, the person receiving the complaint shall note the date and time the complaint form was received and immediately forward the complaint form to Labor Relations. The Director of Labor Relations will then be responsible for forwarding the complaint to the appropriate administrator/supervisor as soon as practicable.
