

FRESHMAN ROADMAP

ROBERT MCQUEEN HIGH, CO 2028

FALL

Infinite Campus and Canvas: Learn how to access Infinite Campus (parents and students) and Canvas (students only) during Lancers Excel and Freshman Seminar class. See the Main Office or Ms. Kirk in the College & Career Center, room 503, for password resets.

Attendance: Regular attendance is a major key to academic success. Students have difficulty keeping up in their classes when they miss instruction.

Stay on Track: Make sure to turn all of your homework in to each class. Study for exams. Talk with your teachers with any concerns or questions that you may have in their classrooms. Check Infinite Campus regularly to stay informed of your current grades.

College & Career Fair: This will be held on Sunday, October 20, 2024 from 11:00am-2:00pm at the Reno-Sparks Convention Center, located at 4590 S. Virginia Street. This is an opportunity to meet college representatives as well as attend seminars on a variety of topics, including financial aid and scholarships, first generation students, and much more. Register at <https://www.washoeschools.net/Page/18056>

SPRING

Plan for Sophomore Year: Participate in the course registration process with your McQueen Counselor as well as consult with your family about course request decisions. Review the McQueen course catalog for information on all available class offerings.

Plan for the Future: Have a family discussion about what your initial thoughts are for life after high school. Do you think you will go to college, trade school, military service, or the world of work? Is there a college savings account or a plan to finance your educational pursuits after high school? Talk with family and friends about potential career ideas, while considering your interests and strengths.

SUMMER

Start Building a Resume: Research community service opportunities, enroll in activities or camps that align with your interests, visit a public library to access reading materials about a new skill/hobby or research potential careers.
