

Energizing Tomorrow's Leaders Scholarship

Deadline: April 14th

Amount: \$2,500

Details:

Cypress Creek is a large utility-scale solar developer in the US, and we are permitting process for battery storage energy project that would be located in unincorporated Washoe County, the nearest community being North Valleys. Cypress Creek is committed to positively impacting the communities in which we develop and operate. The goal of the scholarship program is to help young people in these communities be successful and to encourage them to pursue careers in renewable energy and STEM-related careers.

Requirements:

- Main requirement is for students to submit a one-minute video on "How Renewable Energy Affects my Future"
- Graduating high school seniors who attend school in Washoe County are eligible to apply
- Scholarships will be granted to students pursuing a 4-year, 2-year, or certificate program at an accredited community college or university located in the United States with a fall 2025 enrollment start date
- Preference will be given to applicants who demonstrate an interest in a career in the renewable energy industry or a STEM-related field, but all eligible students are welcome to apply
