

## What is an interim IEP?

An interim IEP is when a student enters the school and we are made aware of special education eligibility in another district and/or state.

## Interim IEP Purpose?

To ensure services continue to be appropriate based on new information, previous information, and/or district or parental concerns.

## What Determines Eligibility?

A multidisciplinary team will review a multitude of things that will help determine if a student is eligible. These may include:

- Student's social history
- Student's academic progress
- Therapists and/or doctor diagnoses
- Psychoeducational and academic testing results
- Teacher input
- Parent input

In addition, every three years, students will undergo a re-evaluation to determine whether he or she continues to require special education and related services to access the general education program.

## Things to Remember!

Moving is hard.

Coming to a new school is difficult.

Making new friends can be scary.

Change is uncomfortable.

Adjustment takes time.

We are here for you.

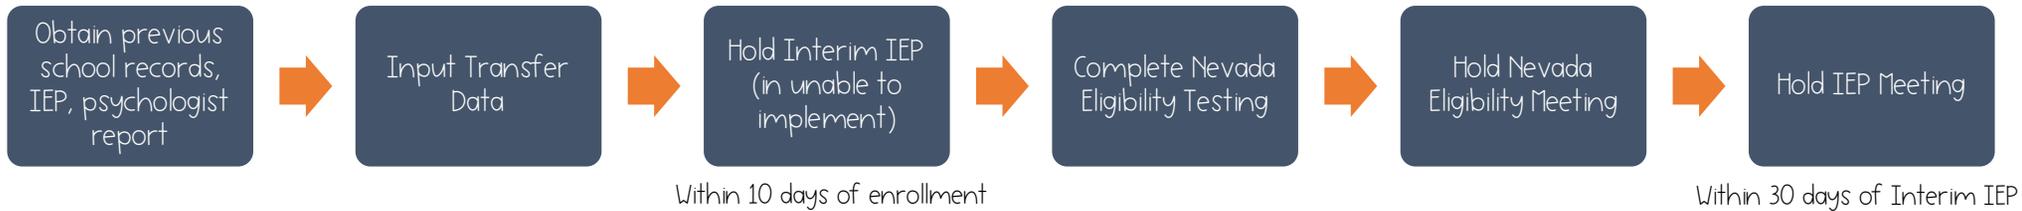

We are here for your child.

They will be okay!
