# Exemption for Cause

- Don't meet requirements to get an off-campus based on your academics (see previous slide)? There is still an opportunity to receive an off-campus! **You will need to see if you qualify through an Exemption for Cause.**
- Exemption for Cause
  - Working – must provide a paystub from within the last 30 days
  - Babysitting or helping care for an ill family member
  - IEP/504 – additional steps, speak with your counselor
- If you can say yes to one of the above, you can complete an Exemption for Cause form. Steps to follow:
  - Download the Exemption for Cause form from the QR Code above, the Counseling Website, or ask your counselor
  - Complete the top portion and select what area qualifies you
  - Bring to the counseling office with needed documentation
  - Your counselor will verify your eligibility and send to the district
  - The district will send the final approval
- **You will be enrolled in 7 classes until your Exemption for Cause has been approved by the district.**

# Course Catalog 2025-2026

---

- Please refer to the course catalog for the following information
  - SSHS Academic Policies
  - Graduation Requirements and Diploma Options
  - Review Course Descriptions
  - Review Course Prerequisites
  - Review Course Fees
  - Find Course Numbers

# Selecting Classes

---

- Look in the course catalog – courses are listed by department.
- Pay attention to course prerequisites and fees
- Take time to read the course description!

## **2227/2228 Algebra 2 – STEM (H) (Year)**

**Credit:** ½ credit per semester

**Fee:** None

**Pre-Requisite:** Successful completion of Algebra 1 and Geometry or Formal Geometry with a B or better and/or teacher recommendation. Graphing calculators are required.

This is a one-year course, which strengthens and expands the techniques and concepts learned in Algebra 1. This course will strengthen the student's problem solving and algebraic skills in preparation for advanced mathematics courses. The major topics of study are: relations and functions; domain and range of parent functions; systems of nonlinear equations; polynomials and polynomial functions; complex numbers; quadratic equations; rational and radical functions, exponential and logarithmic functions; probability and statistics and the trigonometric functions with the use of the unit circle. Throughout the year, students will be expected to continue to develop the ability to reason and communicate mathematically, apply learned concepts to new problem-solving situations, and exhibit increased confidence in their ability to solve mathematical problems.

**Note:** Students may enroll in Algebra 2 and Geometry or Formal Geometry concurrently in order to take Calculus in high school.
