

Project – Create artwork / drawing / music / clothing design / interior design / landscape design, etc.

Must feature these three topics:

- Fibonacci numbers*: 1 through 13
- Golden ratio **or** Golden spiral **or** Golden rectangle
- Fractal **or** Tessellation

Minimum of 8.5 X 11 but can be poster size.

If you want to do something different than a drawing you must get teacher approval first.

*The numbers should not be obvious for example your drawing can include 13 different colors or a tree branch can have 5 branches and then 8 branches after that etc.
