

Youth Psychiatric Services

Nevada Department of Child and Family Services

- We offer no-cost psychiatric services to uninsured and/or underinsured youth ages 12-17.
- Services are provided by our on-site nurse practitioner and UNR Fellows supervised by the UNR School of Medicine.
- Psychiatric services are available via telehealth/videoconferencing. In-person office visits are also available according to COVID-19 health and safety precautions. If your family needs support in accessing mental health services via telehealth due to a lack of resources, please inform our Intake Coordinator.
