High School Program of Study

This is a typical 4-year program of study for High School grades 9-12 students at North Star Online School. Students and Parents/Guardians can refer to this guide to help plan their 4 years of high school. We have many options available including; Honors and World languages to enrich and enhance a student's 4-year plan.

Goal setting is an important part of planning a successful future, whether short term or long term. We encourage our students to meet with our counselor to discuss a plan that meets the student's individual needs and goals.

Please use the other side of this sheet to plan your High School courses. Make sure to refer to the course sheets available on the North Star Counseling website (www.washoeschools.net/ns counseling) to see what courses are available.

*** Honors Courses
Offered
**Course is Honors
Only**

Standard Graduation
