

Dear WCSD Family—

Thank you for all you do for our students, families, and each other as we continue to work together through these challenging times.

Beginning Monday, June 1, we will be welcoming a small segment of our employees back to their workplaces here at the District. This includes members of our District family who have work available at a District facility during this closure period, but are unable to work from home. Employees currently working remotely will continue to do so during this time in “Phase 1.”

As we begin to make these gradual changes, I urge you all to remember to follow all social distancing guidance, and as provided by the Washoe County Health District: wash your hands frequently; wear face coverings when you are in public places or working with the public; and please contact your supervisor if you have any questions or concerns.

In the meantime, I hope you enjoy this week’s message in the attached video, and thank you so much again for your hard work and dedication to our students and their families.

[Please watch the video here.](#)

Take care,  
Kristen
