

# **DRAFT 1-14-20**

## **Mission & Vision**

### **Draft Mission**

Dedicated to innovative design, delivery, support, and adapting technologies for exceptional student learning and teaching for all.

### **Draft Vision**

Washoe County School District's Strategic Technology Plan will ensure equitable student access to relevant and state of the art technological resources that support high quality, student centered learning to ensure career success and lifelong learning. The plan will empower all staff members by integrating sustainable, secure, and functionally operable devices for an enhanced educational experience while supporting our schools and business systems.
